CAUTION

KEEP OUT OF REACH OF CHILDREN

See side panel for additional cautions.

**Net Contents:
4 Ounces**

HART-DELTA, INC.

DIRECTION FOR USE:

D-Tick Lotion is to be used undiluted. To kill ticks, part animal's hair so that complete tick is exposed and apply lotion directly to tick with cotton swab or swab soaked in D-Tick Lotion. Repeat when reinfestation occurs.

Avoid contact of lotion with eyes and mouth of animal.

Use before dogs enter tick-infested area by placing a light film of D-Tick Lotion between fore and hind legs and under ear.

Spread liberally on lips and edges of ears to aid in repelling biting flies from these areas of the animal's body.

CAUTION - Harmful if swallowed. Avoid contact with skin and eyes. Do not contaminate food or feed-tuffs with this material. Wash hands thoroughly after using.

This product is toxic to fish. Do not contaminate any body of water. Keep container tightly closed when not in use. Do not reuse container. Dispose of container in a safe place.
