Mr. Joseph Dyer
Agribusiness Marketers Inc.
1201 Douglas Ave.
Kansas City, KS 66103-1438

Dear Mr. Dyer:

Subject: Finished Labeling
H-D Otoicide
EPA Registration No. 6175-19
Your Submission Dated January 27, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling change listed below before you release the product for shipment bearing the amended labeling:

- Under Precautionary Statements the statement should read as follows:

"Do not use for prolonged period of time if conditions persists or, if irritation develops, discontinue use and consult a veterinarian. Do not apply if there is suspected damage to the ear drum."

Submit three copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager 13
Insecticide-Rodenticide Branch
Registration Division (H7505C)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Keep away from eyes. Avoid inhalation and skin contact. Avoid contamination of feed or foodstuffs. Do not use on humans.

If the condition for which this preparation is used persists or if an irritation develops, discontinue use and consult a veterinarian.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF IN EYES: Flush Eyes with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

While firmly holding pet fill each ear canal one-half full with H-D OTOCID. Massage base of ear to insure that the insecticidal action of H-D OTOCID penetrates the ear wax. Repeat treatment every other day until condition is relieved. Improvement is usually noted after two applications.

DIAGNOSIS

Ear mites usually induce the formation of a dry, dark brown waxy exudate with crusts in the ears of dogs, cats and rabbits. Ear mites may be detected by placing some of the ear exudate on a dark surface and carefully watching for the movement of tiny white specks away from the exudate. Inflamed, watery or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry location.

Pesticide Disposal: Securely wrap original container in several layers of newspaper and discard in trash.

Container Disposal: Do not reuse container. Rinse thoroughly before discarding in trash.

NOTICE OF WARRANTY

AGRIBUSINESS MARKETERS, INC. MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED CONCERNING THIS PRODUCT OR ITS USES WHICH EXTEND BEYOND THE USE OF THE PRODUCT UNDER NORMAL CONDITIONS IN ACCORD WITH THE STATEMENTS MADE ON THE LABEL.
