JAN 24 1995

Under the Federal Insecticide, Fungicide, and Herbicide Act, as amended, for the pesticide registered under EPA Reg. No. 6175-17

150%

OTOCIDE

(Insecticide)

KILLS EAR MITES ON DOGS, CATS AND RABBITS

Active Ingredients: Rotenone 0.120%

Inert Ingredients: 99.880%

100.000%

Keep Out of the Reach of Children
CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Keep away from eyes. Avoid inhalation and skin contact. Avoid contamination of feed or foodstuffs. Do not use on humans. Do not use for prolonged period of time. If condition persists or, if irritation develops, discontinue use and consult a veterinarian. Do not apply if there is suspected damage to the ear drum.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything to an unconscious person. **IF IN EYES:** Flush eyes with plenty of water. Get medical attention if irritation persists. **IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water.

NET CONTENTS: 4 fl. oz. (120 mL)

EPA Reg. No. 6175-17

EPA Est. No.: 6175-1 A-1

Mfd. & Printed in U.S.A

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

While firmly holding pet fill each ear canal 1/2 full with OTOCID. Massage base of ear to insure that the insecticidal action of OTOCID penetrates the ear wax. Repeat treatment every other day until condition is relieved. Improvement is usually noted after two applications.

DIAGNOSIS

Ear mites usually induce the formation of a dry, dark brown waxy exudate with crusts in the ear of dogs, cats and rabbits. Ear mites may be detected by placing some of the ear exudate on a dark surface and carefully watching for the movement of tiny white specks away from the exudate. Inflamed, watery or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry location. **PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.
