DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HORSE SPRAY & RUB has been specifically formulated for use on your horse and pony show stock. Do not use on food animals. The product may be sprayed or wiped onto the animal's coat and will also impart a bright sheen to the animal's coat. Apply regularly during fly season.

AS A SPRAY:

Select a hand sprayer which will apply the product in a fine mist or fog. Use one to two ounces per animal per day. Also treat adjacent stable areas for more effective fly control. Do not wet the animal's skin. After application, brush the coat to give overall coverage. Make sure that legs and ankles are treated. For face area treat as a wipe-on application.

TO WIPE ON:

Rub the animal down and remove dirt. Pour a small amount (1 ounce) into a soft cloth and wipe on against the hair grain. Make sure to treat legs, belly, the neck and the facial areas as well as the back line. Do not wet skin. After this application, brush the coat to bring out a bright sheen. Repeat as needed to kill and repel biting flies. During fly time best protection will be given by treating animals 3 to 4 times each week.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: Do not re-use empty container. Wrap container and place in trash collection.
