

Net Contents 25 lbs

DIRECTIONS

MAY BE USED IN ANY TYPE OF EGG WASHING MACHINE

1. Wash only soiled eggs. Keep pens clean.
2. Dissolve 1 ounce of EGY KLEEN EGG WASH in each three gallons of water. Maintain wash solution at even temperature (110-130°F).
3. For spray type machines, follow manufacturer's directions.
4. For hand washing or immersion type machines, immerse eggs for no more than 3 minutes. Remove from solution and allow to drain. Each gallon of solution is sufficient to wash 5 to 10 dozen eggs, but it should be changed more often if it appears dirty.
5. If separate rinse is used, add 1 ounce of EGY KLEEN EGG WASH to each 5 gallons of water. Maintain rinse at temperature slightly higher than wash solution.
6. Dry eggs rapidly and store in cool, damp room.

Avoid CONTACT WITH SKIN AND EYES. In Case of Contact, Flush With Water. If irritation Persists Get Medical Attention.

USE ONLY AS RECOMMENDED

Avoid Contamination Of Foods. Do Not Mix With Soap Or Other Cleaners.

USDA Registration No-6185-1

NON-FOAMING NFT-1

A SUPERIOR DETERGENT-SANITIZER

contains a

Quaternary Ammonium Germicide
