**USE DIRECTIONS
FOR CLEANING**

Lightly soiled areas — surfaces to be cleaned should be mopped or brushed with a solution containing 1 ounce of D-C Disinfectant per gallon of water. Floor cleaned area with fresh water. Heavily soiled areas — mop or brush soiled surface with a solution containing 2-3 ounces of D-C Disinfectant per gallon of water. Floor cleaned surface with fresh water.

GENERAL PURPOSE DISINFECTION

To disinfect walls, floors and other hard surfaces in homes, schools, restaurants, rest rooms and other public areas, mop or brush surface to be treated with a solution containing 1 ounce of D-C Disinfectant per gallon of water. Surfaces that are heavily soiled should be cleaned with 1-2 ounces of D-C Disinfectant per gallon of water and then disinfected. Those surfaces which may later come in contact with food must be rinsed with clear water of drinking quality.

To disinfect locker rooms, shower stalls, walkways around pools and other areas where fungicidal action is required, mop area with a solution containing 1/2 ounce in 1 gallon of water. This solution will destroy Trichophyton interdigitale, a causative agent of athlete's foot.

HOSPITAL DISINFECTION

To disinfect walls, floors, furniture and other hard surfaces in hospitals and nursing homes, mop or brush surface to be treated with a solution containing 2 ounces of D-C Disinfectant per gallon of water. Those surfaces that are heavily soiled with blood, fecal material or exudates should be thoroughly scrubbed with a solution containing 2 ounces

USE DIRECTIONS (continued)
per gallon of water and then rinsed with a fresh solution containing 2 ounces per gallon of water before disinfection.

D-C Disinfectant is an effective anti-bacterial cleaner designed for use in household, industrial and institutional cleaning. When used as directed, D-C Disinfectant will disinfect hard surfaces, such as floors, walls, counter tops and furniture. It may be used upon to deodorize bathroom areas, garbage pits, food storage areas, kennel areas and other areas where obnoxious odors may develop. This product may be used as a general purpose antibacterial - antifungal detergent in homes, schools, restaurants, hospitals, nursing homes, public rooms, food processing plants and in other places where efficient cleaning and antimicrobial action is desired.

See left panel for use directions

DEODORIZATION

To deodorize surfaces during cleaning, mop or brush surfaces with a solution containing 2 ounces of D-C Disinfectant per gallon of water.
