

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS
DANGER**

KEEP OUT OF REACH OF CHILDREN.
Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed or absorbed through skin. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of skin contact, wash with plenty of soap and water. For eyes, flush with water for 15 minutes and get prompt medical attention. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, or plain water or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. **NOTE TO PHYSICIAN:** Pre-treatment of skin damage may complicate the use of caustic lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

class of disinfectants. It is the only disinfectant in the industry. KNOCK-OUT 256 has been formulated for the reduction of gross contamination in high areas. KNOCK-OUT 256 is a one-step disinfectant-cleaner that is effective against a broad spectrum of bacteria, viruses, fungi, and will prevent the growth of mold and mildew and mold odors when used as directed.

KNOCK-OUT 256 is an effective one-step sanitizer-cleaner for use on non-food contact surfaces. When used as directed, KNOCK-OUT 256 will deodorize surfaces, tile set areas, tiled and under sinks and counters, garbage cans and garbage storage areas, kennel areas and other places where bacterial growth can cause hazards.

STORAGE AND DISPOSAL

Store in a cool, dry place. Do not store in direct sunlight. Do not store in a confined space. Do not store in a place where children can reach it.

PESTICIDE DISPOSAL

Pesticide wastes are acutely toxic. Improper disposal can contaminate ground water, surface water, and the atmosphere. Federal law prohibits the disposal of pesticides and pesticide containers into drains, sewer systems, or other water bodies. For more information, contact your local health department or the U.S. Environmental Protection Agency, Office of Pesticide Programs, Washington, D.C. 20460.

CONTAINER DISPOSAL

Do not reuse or refill this container. Do not use for any other purpose. Do not use for food or feed. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

KNOCK-OUT 256 is a proven "one-step" disinfectant-cleaner-sanitizer-fungicide-mildewstat-virucide which is effective in water up to 400 ppm hardness in the presence of 5% serum concentration.

Apply diluted KNOCK-OUT 256 to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks, tile, porcelain, bedframes, operating room tables, surgical instruments and apparatus, elevators, carts and hall hand rails, with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. *Do not use this product on an inhalation therapy and / or pulmonary diagnostic equipment.* For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when used solution becomes visibly dirty. This product may be pre-diluted for later use.

Disinfection-to disinfect hard, non-porous surfaces, add 0.5 oz per gallon of water. Treated surfaces must remain wet for 10 minutes. The activity of KNOCK-OUT 256 has been evaluated in the presence of 5% serum and 400 ppm hard water by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by

Pseudomonas aeruginosa
Staphylococcus aureus
Salmonella choleraesuis
Escherichia coli
Streptococcus pyogenes
Klebsiella pneumoniae
Enterobacter aerogenes

Salmonella schottmuelieri
Streptococcus faecalis
Shigella dysenteriae
Brevibacterium ammoniagenes
Salmonella typhi
Serratia marcescens

effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc., at 0.5 oz/gallon.

Mold and Mildew Control. At 0.5 oz./gallon, KNOCK-OUT 256 will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surface (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

***Virucidal Performance.** At 0.5 oz. per gallon use-level, KNOCK-OUT 256 was evaluated in the presence of 5% serum and 400 ppm hard water and found to be effective against the following viruses: Influenza A/Brazil, Herpes, Simplex Type 1 and Type 2 and Vaccinia on inanimate hard nonporous environmental surfaces.

Sanitizing - Non-Food Contact Surfaces (such as floors, walls, tables, etc.) At 0.5 oz. per 5.5 gallon use-level KNOCK-OUT 256 is an effective sanitizer against *Staphylococcus aureus* and *Klebsiella pneumoniae* on hard porous and non-porous environmental surfaces. Treated surfaces must remain wet for 60 seconds.
