When air needs cleaning...

**SANICO AIR-MIST** A concentrated Deodorant and Air Sanitizer

*Really* gets your rooms clean and fresh smelling in minutes.

DIRECTIONS

SANICO AIR-MIST is a giant at killing odors. It refreshes the air, it chases away musty odors.

CAUTION

Keep out of the reach of children.  
 Avoid contact with skin and eyes.  
 In case of contact, flush with plenty of water.  
 If irritation persists, get medical attention.  
 Avoid contamination of food.

Dilute Sanico Air-Mist with five parts of water and use as an air spray. Using steam high pressure, electric or hand sprayer, spray in sick rooms, schools, theaters — when rooms are not in use. One gallon of Sanico Air-Mist will deodorize approximately 400,000 cu. ft. of enclosed air space. The vapors from this spray will reduce bacteria count in the air and help prevent spread of air-borne infections.
