

SEP 28 1998

L. Charles Landman, Jr. Ph.D., R.S.
 National Chemicals, Inc.
 P. O. Box 32
 Winona, Minnesota 55987

Dear Dr. Landman:

Subject: Revised labeling
 B-T-F Chloromelamine Disinfectant
 EPA Registration No. 6198-3
 Your submission of September 10, 1998

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable provided that you:

1. Make the following labeling changes:

- a). The inert listed in the ingredient statement is not required and should be deleted.
- b). Change the statement "See other warnings on side label" to "See side panel for additional precautionary statements".
- c). Add the heading "HAZARDS TO HUMANS AND DOMESTIC ANIMALS" directly above the statement "DANGER: Corrosive to eye and..."
- d). Do not separate the directions for use with the precautionary statements. Place the Hazards to Humans and Domestic Animals statement directly above the statement of practical treatment statements.

2. Submit two copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for further description of final printed labeling.

DIRECTIONS FOR MAKING B-T-F® SOLUTIONS

It is a violation of Federal law to use this
product in a manner inconsistent with its labeling.
p.p.m. equals parts per million of available chlorine.
100 p.p.m. - add 1/2 oz. (4.7 gm.) to each 1 gallon (3.8 L) water.
200 p.p.m. - add 1/2 oz. (9.4 gm.) to each 1 gallon (3.8 L) water.
A level teaspoon in 1 gallon (3.8 L) of water gives 100 p.p.m. av. Cl.
A heaping measure in 3 gallons (11.4 L) of water gives 100 p.p.m. av. Cl.

RECOMMENDED METHOD of Washing and Sanitizing/Disinfecting
In FIRST TANK ... WASH ...

Use a chemical detergent in hot or warm water. NEVER USE SOAP.
Use clean brushes to more effectively remove soil, grease, lipstick, etc.

In MIDDLE TANK ... RINSE ...

Use plain clean tap water. DO NOT add any chemicals to this water.

In LAST TANK ... SANITIZE/DISINFECT ...

Immerse items in B-T-F® solution made to p.p.m. concentration
recommended by Health Dept. Leave in solution for time required. Check
Health Dept. as requirements vary. A two (2) minute exposure is required
in some states. Remove items from solution and allow to air dry.
NEVER TOWEL DRY SANITIZED/ DISINFECTED ITEMS

DANGER: Corrosive to eye and skin damage. Do not get in eyes,
on skin, or clothing. Protect eyes and skin when handling.
Harmful if swallowed. Do not breathe mist. Wash hands
thoroughly with soap and water after handling.
