 <p style="text-align: center;"><b>U.S. ENVIRONMENTAL PROTECTION AGENCY</b>  <b>Office of Pesticide Programs</b>  <b>Registration Division (7505P)</b>  <b>Ariel Rios Building</b>  <b>1200 Pennsylvania Ave., NW</b>  <b>Washington, D.C. 20460</b></p>	EPA Reg. Number:	Date of Issuance:
	6218-24	SEP 17 2008
	Term of Issuance: Unconditional	
<p>NOTICE OF PESTICIDE:</p> <p><input type="checkbox"/> Registration</p> <p><input checked="" type="checkbox"/> Reregistration          (under FIFRA, as amended)</p>	Name of Pesticide Product: Permacide® Plus	
Name and Address of Registrant (include ZIP Code):		
<p>Summit Chemical Company          235 South Kresson Street          Baltimore, MD 21224-2616</p>		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		
<p>Based on your response to the Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)© of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p>		
<p>Generic data requirements that have been identified in the RED as confirmatory data for the active ingredient contained in the subject product will continue to be tracked and assessed in the Agency's continual reassessment of pesticides.</p>		
<p>The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable with the following comments:</p>		
<p><b>Please see page 2 for label comments and existing stocks provisions</b></p>		
<p>You must submit one (1) copy of the final printed label before you release the product for shipment. A stamped copy of the label is enclosed for your records. Should you have any questions, please contact Julie Chao at 703-308-8735 or <a href="mailto:chao.julie@epa.gov">chao.julie@epa.gov</a>.</p>		
Signature of Approving Official: Meredith F. Laws, Chief Insecticide-Rodenticide Branch Registration Division (7505P)	 Date: SEP 17 2008	

**Label Comments:**

- On page 1, change “Active Ingredients” (plural) to “Active Ingredient” (singular).
- On page 1, under the word “Caution,” change the phrase “Statement of Practical Treatment” to “First Aid” so it corresponds with the information on page 2.
- On page 2, under the Environmental Hazards section, move the following statement so it appears as the first sentence: “This product is toxic to wildlife and aquatic invertebrates.”

**Use of Existing Stocks of Labels:**

- If you formulate your end-use product with technical product purchased prior to January 31, 2009 that IS NOT labeled with the prohibition on indoor residential spray use, then you may label your product with existing stocks for up to 12 months after the date of this reregistration notice.
- If you formulate your end-use product with technical product purchased prior to January 31, 2009 that IS labeled with the prohibition on indoor residential spray use, then you may not use existing stocks of labels that allow for indoor residential use. You must use the new, stamped label that is enclosed with this reregistration notice.
- If you formulate your end-use product with technical product purchased after January 31, 2009, then you may not use existing stocks of labels that allow for indoor residential use. You must use the new, stamped label that is enclosed with this reregistration notice.

With COMMENTS  
In EPA Letter Dated:  
SEP 17 2008

Under the Federal Insecticide, Fungicide  
and Rodenticide Act, As amended, for the  
pesticide Registered under EPA Reg. No:

6218-24

### A PRODUCT OF SUMMIT CHEMICAL CO.

235 South Kresson Street

Baltimore, MD 21224-2616

PERMACIDE<sup>®</sup> is a registered trademark of Summit Chemical Co., Baltimore, Maryland

Net Contents: 1 Gallon

*Responsible Solutions*

*Insecticides For The Food Industry*

## FIRST AID

**Note to physician:** Contains N-methyl carbamate that inhibits cholinesterase. Contains petroleum distillates. Vomiting may cause aspiration pneumonia.

<b>If inhaled:</b>	<ul style="list-style-type: none"> <li>● Move person to fresh air.</li> <li>● If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth to mouth, if possible.</li> <li>● Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>If on skin or clothing:</b>	<ul style="list-style-type: none"> <li>● Take off contaminated clothing</li> <li>● Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>● Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>If in eyes:</b>	<ul style="list-style-type: none"> <li>● Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.</li> <li>● Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If swallowed:</b>	<ul style="list-style-type: none"> <li>● Call a poison control center or doctor immediately for treatment advice.</li> <li>● Have person sip a glass of water if able to swallow.</li> <li>● Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>● Do not give anything by mouth to an unconscious person.</li> </ul>
<p><b>HOT LINE NUMBER:</b> Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-888-740-8712 for emergency medical treatment information.</p>	

### Personal Protective Equipment (PPE)

Applicators and all handlers must wear:

- Long-sleeved shirt and long pants,
  - Socks and shoes, and
  - Chemical resistant gloves made of barrier laminate, nitrile rubber, neoprene rubber, or viton.
- Follow manufacturer's requirements for cleaning/maintaining PPE. If there are no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

### User Safety Recommendations

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

## PRECAUTIONARY STATEMENTS

## HAZARDS TO HUMANS AND DOMESTIC ANIMALS

### CAUTION

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing.

### ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate. This product is toxic to **wildlife and aquatic invertebrates**. Do not apply where runoff is likely to occur.

### PHYSICAL OR CHEMICAL HAZARDS

#### Combustible

Do not use or store near heat or open flame. Do not apply to electrical junction boxes, switch boxes, and conduits due to the possibility of shock hazard.

### DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

**RESTRICTIONS:** Do not use as a space spray. Do not use in edible products areas of food processing plants or in commercial food preparation areas except for careful crack and crevice treatment. Do not use in the dining/serving areas of restaurants. Do not apply to wallpaper or similar materials that may be stained. Avoid excessive wetting of plastic, rubber, and asphalt surfaces such as tiles and floor coverings. Do not apply this product in a way that will contact any person or pet, either directly or indirectly. Keep people and pets out of the area during application.

**Entry Restrictions:** Do not allow people or pets to enter the treated area until spray has dried.

**HOW TO USE:** This insecticide product containing propoxur is ready-to-use undiluted as it comes out of the container and may be applied with power-operated or hand sprayers.

**INDOOR USE: INDUSTRIAL APPLICATIONS OTHER THAN FOOD HANDLING ESTABLISHMENT SPOT TREATMENT:** **Ants (excluding fire, harvester, carpenter, and pharaoh ants), Cockroaches, Waterbugs, Crickets, Silverfish, Spiders (excluding black widow and brown recluse spiders), and Saw-Toothed Grain Beetles (aids in control of the exposed stages of the saw-toothed grain beetle which come into contact with treated surfaces).**

Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Will only kill pests present at the time of application. Pests must be directly contacted to be effective. Contact as many pests as possible. Repeat as needed. Do not spray feedstuffs or indoor plants. Do not allow children to contact treated areas until surfaces are thoroughly dry.

**FOOD HANDLING ESTABLISHMENTS:** Places other than private residences in which food is held, processed, prepared, or served. **Ants (excluding fire, harvester, carpenter, and pharaoh ants), Cockroaches, Waterbugs, Crickets, Silverfish, Spiders (excluding black widow and brown recluse spiders), and Saw-Toothed Grain Beetles (aids in the control of the exposed stages of the saw-toothed grain beetle which come into contact with treated surfaces).**

**Food Areas**---Application limited to **CRACK AND CREVICE TREATMENT ONLY.**

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas when food is exposed and facility is in operation also would be considered food areas.

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, or hollow equipment legs where the above listed insects hide. Will only kill pests present at the time of application. Pests must be directly contacted to be effective. Contact as many pests as possible. Prior to application, de-energize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in the "ON" position. Do not apply directly to electrical equipment or electrical boxes. Do not allow product to be deposited onto exposed surfaces or introduced into the air. Do not contaminate food or food processing surfaces. **APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.**

**Non-Food Areas**---Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage rooms (after canning or bottling). Apply as a **SPOT TREATMENT** to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets, and similar areas where insects hide or through which they may enter.

**OUTDOOR USE AROUND COMMERCIAL AND INSTITUTIONAL BUILDINGS AND WAREHOUSES:** Ants (excluding fire, harvester, carpenter, and pharaoh ants), Clover Mites, Crickets, Earwigs, Millipedes, Sowbugs, Spiders (excluding black widow and brown recluse spiders), and Brown Dog Ticks. Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, paths, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray lawns or vegetation.

**STORAGE AND DISPOSAL**

**Do not contaminate water, food, or feed by storage and disposal.**

**STORAGE:** Store in a cool, dry place. Do not store near heat or open flame.

**PESTICIDE and CONTAINER DISPOSAL:**

**If empty:** Do not reuse this container. Place in trash or offer for recycling, if available.

**If partly filled:** Call you local solid waste agency or Toll Free Phone 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
