

FLORA FUME MALATHION

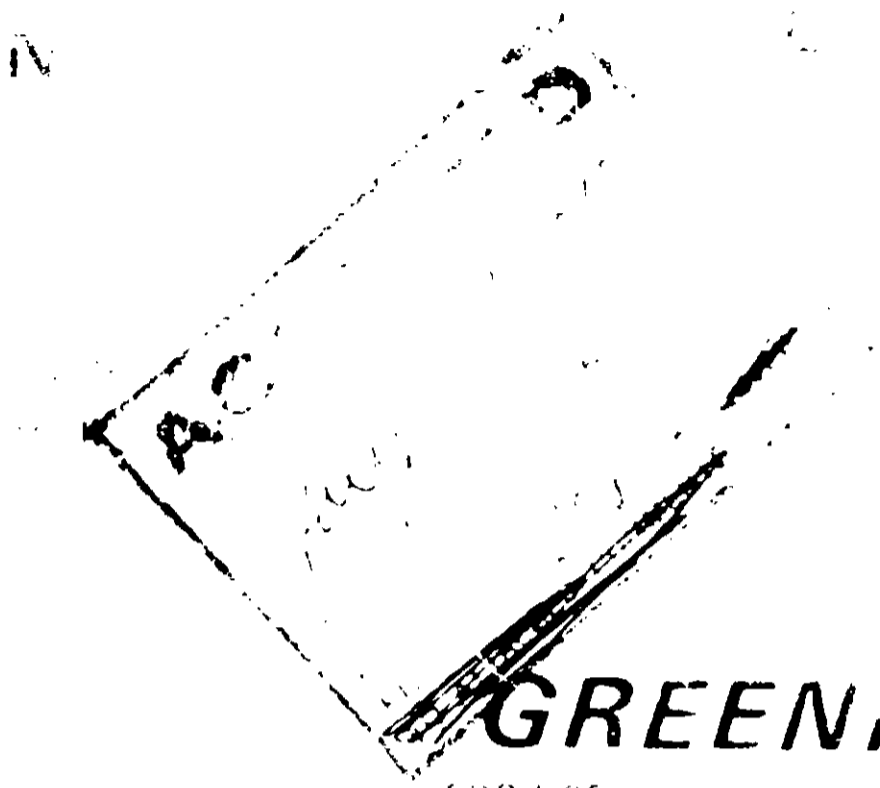

CAUTIONS

ANTIDOTES

There is no specific antidote for malathion poisoning. Treatment is symptomatic and supportive. In case of ingestion, induce vomiting and give activated charcoal. In case of skin contact, wash with soap and water. In case of eye contact, flush with water for at least 15 minutes.

CAUTION

Malathion is highly toxic to fish and aquatic life. Do not use in or near water bodies. Avoid contact with skin and eyes. Use protective clothing and equipment. Do not breathe vapors or dusts.

CAUTION: KEEP OUT OF REACH OF CHILDREN
