### DIRECTIONS FOR USE

#### GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry place. Keep container closed.

**Pesticide Disposal:** Pesticide or rinse that cannot be used chemically processed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

#### Container Disposal:

(a) Reseal container and offer for reconditioning.

(b) Triple rinse (or equivalent) and offer for recycling or bury in a safe place.

One gallon or less: Do not use empty container.

Wrap container and put in trash collection.

**General:** Consult Federal, State or local disposal authorities for approved alternative procedures.

#### GREENHOUSE PESTS

For infestations of whiteflies, aphids, spider mites and mealybugs on Geranium, Azalea, Fuchsia, Coleus, Petunia, Chrysanthemum, Begonia, Ivy, Salvia, Poinsettia, Ageratum, Aster, Calendula, Marigold, Roses, Pothos, Philodendron, Dracena, Ficus, Schefflera, Zebra Plant, and Peperomia.

**For Whiteflies and Aphids** — Use 1 pint of Summit SUMITHRIN® GREENHOUSE SPRAY per 100 gallons of water or 1 teaspoon per gallon.

**For Spider Mites and Mealybugs** — Use 1 pint of Summit SUMITHRIN® GREENHOUSE SPRAY per 50 gallons of water or 2 teaspoons per gallon.

Spray in late afternoon and at night only. For whiteflies, repeat application weekly.

When fewer applications are preferred, use the same amount of Summit SUMITHRIN® GREENHOUSE SPRAY in one-half the quantity of water recommended above. Spray as described above. Repeat as necessary.
