

23 MAR 1992

Mr. Lawrence E. Kase
Summit Chemical Company
7657 Canton Center Drive
Baltimore, MD 21224-2079

Dear Mr. Kase:

Subject: Revised Labeling
Summit Sumithrin Greenhouse Spray
EPA Registration Number 6218-41
Submission dated March 5, 1992

The labeling amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Submit one (1) copy of the final printed label prior to releasing the product for shipment.

1. Add the following phrase as a footnote to the ingredients statement (refer to the Agency letter dated May 22, 1991):

Contains petroleum distillate.

2. Revise the IF INGESTED section of the STATEMENT OF PRACTICAL TREATMENT to read as follows:

IF SWALLOWED: Do not induce vomiting due to aspiration hazard. Contact a physician or Poison Control Center immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

Sincerely,

RFM
Richard F. Mountfort

SIDE PANEL

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting due to the hazards of aspiration pneumonia. Call a physician or Poison Control Center immediately. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water and get medical attention if irritation persists.

Do not apply to plants used for food or feed.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Cleaning of equipment or disposal of wastes must be done in a manner that avoids contamination of bodies of water or wetlands.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

EPA Reg. No. 6218-41

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling. ✓

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place, inaccessible to children.
Keep container closed. ✓

Pesticide Disposal: Do not contaminate water, food, or feed
by storage or disposal. Wastes resulting from the use of
this product may be disposed of on site or at an approved
waste disposal facility.

Plastic Container Disposal: Triple rinse (or equivalent). Then
offer for recycling or reconditioning, or puncture and dispose
of in a sanitary landfill, or incinerator, or, if allowed by
State and local authorities, by burning. If burned, stay out
of smoke.

PESTS IN GREENHOUSES and INTERIOR PLANTSCAPES

For infestations of whiteflies, aphids, spider mites and
mealybugs on Geranium, Azalea, Fuchsia, Coleus, Petunia,
Chrysanthemum, Begonia, Ivy, Salvia, Poinsettia, Ageratum,
Aster, Calendula, Marigold, Roses, Pothos, Philodendron,
Dracena, Ficus, Schefflera, Zebra Plant, Peperomia and
Bedding Plants.

Foliar Treatment: Spray upper and lower surfaces of plant
foliage to point of run-off. When fewer applications are
preferred, use the same amount of Sumithrin[®] Greenhouse Spray
in one-half the quantity of water recommended below. Repeat
as necessary. *on old label*

For Whiteflies and Aphids - Use 1 pint of Summit SUMITHRIN[®]
GREENHOUSE SPRAY per 100 gallons of water or 1 teaspoon
per gallon. For whiteflies, repeat applications weekly.*

For Spider Mites and Mealybugs - Use 1 pint of Summit
SUMITHRIN[®] GREENHOUSE SPRAY per 50 gallons of water or
2 teaspoons per gallon.*

*These dosages of Sumithrin[®] Greenhouse Spray are calculated
for conventional sprayers. When lower volumes of spray are
applied as with low pressure, low volume, or mist type equip-
ment, increase the concentration of Sumithrin[®] Greenhouse Spray
in the spray mixture in order to apply the amount equivalent
to a full coverage spray.
