DIRECTIONS FOR USE

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Do not store near heat or open flame.

PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Gallon Cans or Smaller: Securely wrap original container in several layers of newspaper and discard in trash.

Drums: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Gallon Cans or Smaller: Do not reuse container. Rinse thoroughly before discarding in trash.

Drums: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a landfill, or by other procedures approved by State and local authorities.

Contact and Space Spray - Undiluted - To Kill Cockroaches, Silverfish, Earwigs, Ants, Spiders, in Sheltered Situations: With ULV spraying device, apply the spray into all cracks and crevices in woodwork, walls, floors, underneath sinks, behind pipes and in all places where these insects shelter. Contact as many insects as possible. Do not allow spray to contact stored food. Use at a dosage rate of approximately 1/2 fl. oz. per 1,000 cu. ft. of room space. Repeat dosage as necessary for control. Leave the room closed for one hour. Do not remain in treated areas and ventilate area before re-entry. Do not apply this undiluted spray in facilities operating under USDA poultry, meat, rabbit and egg products inspection program.

Space Spray - Undiluted in Aerosol Generator - To Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Apply at the rate of 1.0 oz. of undiluted Concentrate per 1,000 cubic feet of space. Direct output from aerosol generator upward towards upper corners of room and ceiling. Leave room closed for one half hour. Ventilate room thoroughly before re-entry. Do not apply this undiluted spray in facilities operating under USDA poultry, meat, rabbit and egg products inspection program.

Space Spray - Diluted for Ordinary Mechanical Fogging Equipment - to Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 29 parts of oil and mix well. Apply at the rate of 50 fluid ounces dilute spray (0.4 gallons) per 25,000 cubic feet of space. Direct fog upward towards upper corners of room and ceiling area. Leave room closed for one half hour. Ventilate room thoroughly before re-entry.

Contact Spray - Diluted for Use with Sprayers that Give Large, Wetting Spray Particles - To Kill Cockroaches and Accessible Stages of Granary Insects: Weevils, Flour Beetles, Meal Moth Larvae and Adults, Caddis, Grain Mites and Saw-toothed Grain Beetles: Cover or remove exposed food and close room as described above. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 29 parts of oil and mix well. Spray outside walls of grain bins, flooring, about base of milling machinery, walls and baseboards, areas behind cabinets around pipes and other insect harbourages using one gallon spray per 1,000 square feet of surface. Force spray into all cracks and crevices. Repeat applications as necessary.

PYRETHRINS FOGGING CONCENTRATE 3610

FOR APPLICATION BY TRAINED PERSONNEL ONLY

For Use In Homes, Restaurants,
Food Processing Plants,
Warehouses, and other
Industrial Installations

ACTIVE INGREDIENTS:	100%
Pyrethrins	3%
Piperonyl butoxide technical	6%
n-octyl bicyclohexene dicarboximide	10%
INERT INGREDIENTS:	81%
<i>(Contains Paraffin Distillates)</i>	
* Equivalent to 4.8% (butylcarbityl) (6-propylperony) ether and 1.2% related compounds.	
† MGK 264, Insecticide Synergist.	

KEEP OUT OF REACH OF CHILDREN.
CAUTION

See other cautions on side panel.

This Concentrate is designed for use undiluted in mechanical sprayers which give particle sizes of aerosol size, such as the Leco Min ULV or the Micro-Gen Micron Generator. It can be diluted with refined kerosenes which meet Food Additive Regulation 121.1182 and can be applied in fogging equipment that gives larger than aerosol particle size, such as the Foginaster or Microsol machines. It can also be diluted with oil specified above and applied as a contact spray to kill crawling insects shown on this label.

A PRODUCT OF

BALTIMORE

MARYLAND

Summit

CAUTION

Harmful if swallowed. Food should be removed or covered during treatment. After spraying in meat packing plants, bakeries, and other food processing plants all equipment, benches, shelving, etc., where exposed food will be handled must be washed with an effective cleaning compound and rinsed with potable water to remove all traces of contamination. When using the product in these areas, apply only when the facility is not in operation.

Do not breathe spray mist. Wear mask or respirator of a type recommended by the U.S. Bureau of Mines to give adequate protection against this material. Wear protective clothing. Wash hands, arms and face with soap and water after handling and before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use.

Remove pets, birds and cover fish aquariums before spraying.

Mix well in drum before sampling and each use. Keep container closed and store in a cool place. DO NOT STORE, POUR OR SPILL NEAR OPEN FLAME.

Note: This spray when diluted properly as described, and applied per the directions and cautions given above, conforms with Food Additive Regulations 121.1074, 121.1075, and 121.1205 and the food additive tolerances established thereunder. Additionally, when diluted and used according to label directions, this spray will meet specifications for use under USDA poultry, meat, rabbit and egg products inspection program.

NOTICE

Seller's guarantee shall be limited to the terms of the label and, subject thereto, the buyer assumes any risk to persons or property arising out of use or handling, and accepts the product on these terms.
