3. Based on the Confidential Statement of Formula dated June 11, 1993, your product will not meet the label claim for the active ingredient. The label claim must be expressed as the nominal concentration for that product. Revise the label or the CSF so that the information agrees. See 40 CFR §158.175 for more information.

4. As you know all uses of products containing DDVP are under Special Review. EPA initiated a special review for this chemical on February 24, 1988 since we determined that exposure to DDVP from the registered uses may pose an unreasonable carcinogenic risk and inadequate margins of exposure for cholinesterase inhibition and liver effects to exposed individuals. We anticipate a proposed regulatory action on this chemical in the early summer of this year.

5. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

George T. LaRocca Product Manager 13 Insecticide-Rodenticide Branch Registration Division (H7505C)

KEEP OUT OF REACH OF CHILDREN

DANGER

POISON

STATEMENT OF PRACTICAL TREATMENT

Organophosphate

IF SWALLOWED: Call a physician or poison control center immediately. Do not induce vomiting. Vomiting may cause aspiration hazard. Never give anything by mouth to an unconscious person. IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

IF ON SKIN: Remove all contaminated clothing and wash with soap and warm water. If irritation persists, get medical attention.

IF IN EYES: Flush with plent, of water. If irritation persists, get medical attention.

NOTE TO PHYSICIAN

POISONING SYMPTOMS: Weakness, headache, tightness in chest, blurred vision, non-reactive pinpoint pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps.

TREATMENT: Administer atropine sulfate in therapeutic doses. Repeat as necessary to the point of tolerance. Compound inhibits cholinesterase resulting in stimulation of the central nervous system, the parasympathetic nervous system, and the somatic motor nerves. Do not give morphine. Watch for pulmonary edema which may develop in serious cases of poisoning even after 12 hours. At first sign of pulmonary edema, the patient should be placed in an oxygen tent and treated symptomatically.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Fatal if absorbed through the skin, fatal if swallowed, and poisonous if inhaled. Do not breathe vapors or spray mist. Do not get on skin or clothing. Do not contaminate food products by direct contact with liquid.

Personal Protective Equipment (PPE)

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category "E" on an EPA chemical resistance category selection chart.

Applicators and other handlers must wear:

Coveralls over long-sleeved shirt and long pants.

Chemical-resistant gloves, such as barrier laminate or nitrile rubber or neoprene rubber or viton.

Chemical-resistant footwear plus socks.

Protective eyewear.

)

)

Chemical-resistant headgear for overhead exposure.

Chemical-resistant apron when cleaning equipment, mixing, or loading.

A respirator with either an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-14G).

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should:

... Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

- ...Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- ...Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

Do not apply directly to any body of water. Do not contaminate water by disposal of equipment washwaters.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame. Not for use or storage in or around the home.

BEST AVAILABLE COPY

4

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or indirectly or through drift. Only protected handlers may be in the area during application.

Notify workers of the application by warning them orally and by posting signs at entrances to treated areas.

METHOD OF APPLICATION

- 1. Close all windows, doors, and ventilators.
- 2. Calculate the area in cubic feet of the area to be treated.
- 3. Use two (2) fluid ounces of Summit TOBACCO WAREHOUSE FOGGING INSECTICIDE per 3000 cubic feet of space.
- 4. Pour the exact amount of insecticide needed for the calculated area into the insecticide tank of the thermal fog generator.
- 5. Adjust the metering value or orifice size in the insecticide line to produce a dry fog. Never apply a wet fog. A flow rate of 8 fluid ounces per minute is recommended.
- 6. Walk down the center aisle of the room, directing the fog from side to side.
- 7. For best results, the warehouse should remain closed for 1-1/2 hours after fogging. The room should then be completely ventilated for at least one (1) hour before reentry.

STORAGE AND DISPOSAL

STORAGE:

)

)

Store in a cool, dry place. Do not store near heat or open flame.

PESTICIDE DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
