Mr. Jonathan S. Cohen
SUMMIT CHEMICAL CO.
235 S Kresson Street
Baltimore, MD 21224

Dear Mr. Cohen:

Subject: Label Revisions in Accordance with PR Notice 2001-6
EPA Registration Number: 6218-76
Product Name: MOSQUITO & GNAT BARRIER/
MASTER NURSERY MOSQUITO & GNAT B
Application date: February 9, 2007

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable and a stamped copy is enclosed for your records.

At the next label printing revise the warranty statement as follows:

- a) Add the following phrase "To the extent consistent with applicable law" to the beginning of the statement, "Seller disclaims any and all other warranties express impliedetc" and "In no event shall seller be liable foretc".

At the next label printing add "not for use on plants being grown for sale or other commercial seed production or for research purposes" to the DIRECTIONS for USE section on the label.

Sincerely,

George LaRocca
Product Manager 13
Insecticide Branch
Registration Division 7505P

TREES & SHRUBS:

PESTS: Tent caterpillars

Application should be made when caterpillars are young and tents are first noticed. For best results apply in the late afternoon or evening, when caterpillars have returned to their tents. Wet tents with spray on all sides. A few caterpillars may be seen escaping from the tent, however, they should die within several hours.

Do not spray animals.
People and pets should not be allowed
in treated areas until spray has dried.

HOME LAWNS:

Bent, Bermuda, Bluegrass, Dichondra, Fescue, Irish Moss, Merion, St. Augustine

PESTS: Ants, Armyworms, Ticks, Chinch bugs, Crickets, Cutworms, Fleas, Grasshoppers, Japanese beetle grubs, Mole crickets, Sod worms

Thoroughly wet down grass a few hours before applying. Home lawns should be no taller than 3 inches at time of application. For heavy infestations repeat application after 2 weeks.

TREES & SHRUBS:

Arizona cypress, Azalea, Birch, Non-bearing citrus, Conifers, Elm, English ivy, Euonymus, Weeping fig, Fir, Pointsettia, Tulip, Poplar, Rhododendron, Taxus:

PESTS: Aphids, Bagworms, Cicadas, Exposed thrips, Fall cankerworms, Inchworms, Leafminers, Leafrollers, Mealybugs, Spider mites, Whiteflies

Cherry Honeysuckle:

PESTS: Fall webworms

Conifer:

PESTS: budworms

Elm:

PESTS: Elm leaf beetles, Elm spanworm, Fall webworms

Douglas and Grand Firs:

PESTS: Tussock moths

Non-bearing Citrus:

PESTS: Citrus black flies

Oak:

PESTS: Oakworm

Pine:

PESTS: Pine beetles, Pine moths, Pine needleminers, Needle scales

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Do not store near heat or open flame.

IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Treats up to 5,000 sq. ft.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

CAUTION: May be harmful if swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

First Aid

If swallowed: Call poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have person sip a glass of water if able to do so.

If on skin or clothing: Take off contaminated clothing.

Rinse skin immediately with plenty of water for 15-20 minutes.

Call poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air.

If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible.

Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies, call the International Poison Center 1-888-740-8712.

Environmental Hazards:

This pesticide is extremely toxic to fish. Do not apply directly to water. Drifts and runoff from treated areas may be hazardous to aquatic organisms in treated areas. Do not contaminate water when disposing of equipment washwaters. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

LIMITED WARRANTY AND LIABILITY

This product conforms to the description and is suitable for the uses set forth on this label but is strictly limited to these uses solely as directed under the specified label conditions, and only if purchased in the original unopened container. Seller disclaims any and all other warranties, express or implied, including but not limited to those relating to merchantability and fitness for particular purpose. Buyer and all users shall assume all risk, liability and damage if this product is used, stored, handled or applied other than as specifically set forth on this label. Seller's liability and buyer's or user's remedies shall be to refund of the purchase price or replacement of the specific quantity involved. In no event shall seller be liable for special, incidental or consequential damages.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product through any type of irrigation systems.

DIRECTIONS FOR USE THROUGH HOSE END SPRAYER

MIXING DIRECTIONS

Make sure the spray equipment to be used is clean, dry and odor free. The attached sprayer is calibrated to deliver a 1 to 100 dilution.

HOSE END SPRAYER DIRECTIONS:

Make sure knob is twisted fully to off position. Shake well before attaching to hose. Bend safety tab down and turn control knob to "water". Avoid squeezing bottle. Only clear water will spray when water is turned on. Point nozzle toward item to be sprayed and turn the control knob to "on" to automatically mix insecticide with water. When finished spraying turn control knob to "off/closed" position. Store away from children.

Hose-end convenient!

Automatically mixes with water!
No measuring or separate applicator!

1. Attach garden hose to spray nozzle and turn on water supply.

2. Bend safety tab down and turn control to "Water". Clear water will spray.

3. Point nozzle toward item to be sprayed and turn water control knob to "On" to automatically mix with water.

4. Hold bottle level. Use with average water pressure. When finished spraying turn knob to off/closed position.
