U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (7505P)  
Ariel Rios Building  
1200 Pennsylvania Ave., NW  
Washington, D.C. 20460

EPA Reg. Number:

6218-78

Date of Issuance:

MAR 30 2009

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance: Unconditional

Name of Pesticide Product:

Ready-To-Use Year-Round Spray Oil

Name and Address of Registrant (include ZIP Code):

Summit Chemical Company  
dba Summit Responsible Solutions  
235 South Kresson Street  
Baltimore, MD 21224

**Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.**

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Generic data requirements that have been identified in the RED as confirmatory data for the active ingredient contained in the subject product will continue to be tracked and assessed in the Agency's continual reassessment of pesticides.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable with the following comments:

**Please see pages 2 and 3 for label comments**

You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after 12 months from the date of this Notice or the next printing of the label, whichever occurs first, must bear the new revised label. A stamped copy of the label is enclosed for your records. Should you have any questions, please contact Julie Chao at 703-308-8735 or [chao.julie@epa.gov](mailto:chao.julie@epa.gov).

Label Comments

- On page 1, add the following text directly under the product name: "For Residential Use Sites Only. Not for Use in Commercial Agricultural Sites."
- On page 1, delete the following text: "Environmentally Responsible Insecticide."
- On page 1, in the "Kills" list, change the phrase "& more" to "and other listed pests."
- On page 1, revise the active ingredient to read "Mineral Oil."
- On page 1, revise the phrase "Inert Ingredients" to read "Other Ingredients."
- On page 2, under the First Aid section, add the following statements to the 'If Swallowed' section: "Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person."
- On page 2, under the First Aid section, correct the last word under the 'If Inhaled' section so it reads, "advice."
- On page 2, under the first paragraph in the First Aid section, add the following text: For emergency information, call [1-XXX-XXX-XXXX], or call your poison control center at 1-800-222-1222." (You may use the number for the National Pesticide Information Center: 1-800-858-7378).
- To increase prominence and ensure consistency with other product labels, it is strongly recommended that you format the First Aid section, in boxes of solid line, as shown on page 6 of PR Notice 2001-1.
- On page 2, under the Precautionary Statements heading, add a "Hazards to Humans and Domestic Animals" heading, and the following statements: "Wear long sleeved shirt, long pants, shoes, and socks."
- On page 2, after the First Aid section, add an "Environmental Hazards" heading and the following statements: "Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems."
- On page 2, directly after the Environmental Hazards section, add a "Physical or Chemical Hazards" heading and the following statement: "Avoid contact with powerful oxidants such as liquid chlorine, concentrated oxygen, sodium hypochlorite, and calcium hypochlorite".

- To increase prominence and ensure consistency with other product labels, the storage and disposal information must appear, preferably in a box of solid line, within the Directions for Use section (see 40 CFR 156.10(i)(2)(ix). Typically, the storage and disposal instructions appear at the end of the Directions for Use.
- On page 2, under the Storage and Disposal section, revise the "Storage" subheading so it reads, "Pesticide Storage."
- On page 2, under the Storage and Disposal section, revise the text in the Pesticide Disposal section so it reads, "If partly filled: Call your local solid waste agency [or toll free number] for disposal instructions. Never place unused product down any indoor or outdoor drain."
- On page 2, under the Storage and Disposal section, revise the text in the Container Disposal section so it reads, "If empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available."
- On page 2, add the following statements to the Use Precautions section: "Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until sprays have dried."
- On page 3, under the Application Instructions, revise the second bullet so it reads, "Completely cover the target pest and plant with spray solution."
- On page 4, revise the last sentence so it reads, "Conduct a small scale test during bloom period to determine application safety for individual plant species."
- On page 5, revise the first sentence of the second to last paragraph so it reads, "Test for phytotoxicity by treating a few specimens before making a large scale application."

**ACCEPTED  
With COMMENTS  
In EPA Letter Dated:  
MAR 30 2009  
Under the Federal Insecticide, Fungicide  
and Rodenticide Act, As amended, for the  
pesticide Registered under EPA Reg. No:**

6218-78

**CAUTION KEEP OUT OF REACH OF CHILDREN**

## PRECAUTIONARY STATEMENTS

### FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If swallowed \*Call a poison control center or doctor immediately for treatment advice.  
\*Do not induce vomiting unless told to by a poison control center or doctor.

If in eyes \*Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

If on skin \*Call a poison control center or doctor for treatment advise.  
\*Take off contaminated clothing.

\*Rinse skin immediately with plenty of water for 15-20 minutes.  
\*Call a poison control center or doctor for treatment advise.

If inhaled \*Move person to fresh air.  
\*If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.  
\*Call a poison control center or doctor for further treatment advise.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Keep container tightly closed in storage to prevent entry of contaminants.

Store in cool, dry, locked area out of the reach of children. Do not store this product in direct sunlight for prolonged periods of time. This product should be stored in its original container only.

**Pesticide Disposal:** Securely wrap original container in several layers of newspaper and discard in the trash.

**Container Disposal:** Do not reuse container. Rinse thoroughly before discarding in trash.

### USE PRECAUTIONS

Do not spray plants suffering from drought (moisture stress). Do not apply during periods of prolonged high temperature combined with high relative humidity. Do not use this product with dimetholate, herbicides or fungicides such as Captan, Folpet, Dyrene, Karathene, Morestan or any product containing sulfur. Do not use with Sevin 50W formulation (carbaryl) on deciduous fruit trees.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product through any type of irrigation system.

**APPLICATION INSTRUCTIONS**

Shake the container vigorously prior to use.

- The best times to spray are the early evening and early morning.
- The target pest and plant should be completely covered with the spray solution to be effective.
- Certain plants may be sensitive to oil. A small number of plants should be test sprayed prior to general spraying.
- Use caution on open blooms-bleaching and spotting have been observed on the open bloom of certain plants.
- May be used up to the day of harvest.

**FRUIT & NUT TREES**

<u>TREE</u>	<u>PEST</u>	<u>APPLICATION NOTES</u>
Apple ,Pear Almonds,Apricots, Cherries,Peaches, Nectarines,Plum Prune,Pecans	Aphids(eggs) Apple Red Bug/ Mites (eggs) including European Red Mite/Scales(hard, soft)/Sourly Scale/ FruitTree Leaf Roller(eggs),Pear Leal, Blister Mite (eggs),Pear Psylla,Two Spotted Spider Mite, Pear Rust Mite, Tent Caterpillans, San Jose Scale, Peach Twig Borer (hibernacules),Cottony Peach Scale,	Do not apply over fruit after waxy bloom forms. Application should not be made on oil sensitive varities-Do not apply to treeslacking adequate moisture.

**CITRUS TREES**

Lemon & Grapefruit fall, Naval & Valencia Oranges, other Citrus easily Varities including Non- bearing oil.  ad-	Mites including: Rust Mite,Spider Mite  Scales including: Black Scale, California Red Scale, Whitefly & Blackfly, Sooty Mold	For best results spray during  early Winter & Spring months when Red Scale are mpore  controlled and trees are generally less reactive to  For all Citrus trees ensure  equate moisture.
---	---	--

**SHADE TREES, SHRUBS, ORNAMENTALS, FLOWERS  
& FOLIAGE PLANTS, CONIFERS**

TREE OR PLANT	PEST	APPLICATION NOTES
Shade Trees dormant, and shrubs Conifers, Deciduous, Broadleaf Evergreens & Woody Ornamentals Ornamental Trees Shrubs including Conifers, Deciduous and Broadleaf Evergreens	Aphids, Adelgids, Eriophyid Mites, Gall Mites, Lace Bugs Leaf Beetle Larve, Leafminer Mealybugs, Psylids (Immature) Sawfly Larvae, Scale (immature) Spider Mites, Whitefly	Oils remove the glaucous (blue) bloom from such evergreens as Colorado Blue Spruce and Koster Spruce. Always test spray sensitive plants such as Cryptomeria, Smoke Tree, chamaecyparis, Juniper, Japanese Holly & Spruce. Do not spray Walnut foliage. Most effective on Whitefly during immature stages.
Flowering & Foliage Plants including: Roses and other Flowering Shrubs, Bedding Plants, Foliage Ornamentals.		

CAUTION: Up to 4 applications during the growing season are typically sufficient to control pests. Use a 2 week application interval. Do not spray when buds are fully open and elongation is occurring.

**SMALL FRUITS**

Blueberries, Strawberries, Grapes	Mites, Sawfly(eggs), Scales Aphids, Mealybugs
-----------------------------------	--

**VEGETABLES**

Beans, Corn, Peppers, Squash Tomatoes, Asparagus, Beets Cabbage, Cauliflower Cucurbits, Eggplants, Lettuce Melons, Potatoes, Radishes	Aphids, Mites, Beetle Larvae Leafminers, Thrips, Leafhopper Whitefly
---	--

**HOBBY GREENHOUSE**

Azaleas, Begonia, Camellia Chrysanthemum, Oleffenbacfia Easter Lily, Fern, Gardenia Geranium, Hibiscus Foliage, Jade Plant, New Guinea Impatiens, Palms, Philodendron, Poinsettia Portulaca, Reiger Begonia, Zinnias Dieffenbachia, Poinsettias,	Aphids, Fungus Gnats, Leafminers, Mealybugs, Scales (soft & hardy), Spider Mites, Thirps Whitefly (immature)	Do not use on Coconut Palms or Maidenhair Fern. Chrysan- themum and Geranium Blooms have shown phyto- toxicity at high rates
---	--	---

Leaf Polish for Hardy Plants

FREQUENCY OF APPLICATION: For the greenhouse pests listed, use once a week initially. As the pest is controlled, decrease the frequency to 2-3 weeks as needed.

Application safety during bloom period should be determined for each individual plant to

be treated by conducting a small test.

### INTERIORSCAPES & HOUSEHOLDS

PLANTS	PEST	APPLICATION NOTES
Chrysanthemum, Dieffenbachia, Dracaena, Fern, Ficus, Gardenia, Jade Plant, Palm, Philodendron, Schefflera	Aphids, Leaf Miner, Meal Bugs, Scales, Spider Mites, Whitefly	Do not apply to plants in direct sunlight. Behind glass. Do not use on Coconut Palms, & Maidenhair Ferns. Chrysanthemum blooms have shown phytotoxic symptoms at higher usage.

Applicator should conduct a test for phytotoxicity by treating a few specimens before making a large scale application. Protect floor and floor coverings and furnishings from over spray.

**CAUTION:** Do not exceed 3 consecutive applications without allowing a 2-week interval without application.
