Comments

AMADOR TRIO is made from high quality ingredients balanced to clean, deodorize and sanitize in one operation. It is for use on all washable surfaces—floors, walls, ceramic tile, painted woodwork and equipment.

CAUTION

Avoid contamination of feed and food-stuffs. Do not mix with soap or detergent, avoid getting the concentrate in eyes or on skin. If accidentally splashed in eye, wash profusely with water. If eye irritation persists, get medical attention.

DIRECTIONS

Use dilution 60 to 1. Add about one-third pint of AMADOR TRIO to 2½ gallons of water. For heavy soil, increase concentration. Do not use full strength.

For routine cleaning, two ounces of AMADOR TRIO per gallon of water makes a convenient concentration. This may be applied with mop or sponge and the cleaning operation carried out as usual.
