Subject: Amendment per FIFRA  
Auto-Chlor DS-33  
EPA Registration No. 6243-3  
Application Dated: October 24, 2001

Dear Mr. Terry Sabatelli:

The following amendment, submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable provided that you address the following comments before you release this product for shipment.

- Label changes in response to Agency letter dated July 23, 2001
- Removal of duplicate statements "Directions for Use" and "It is a violation of Federal Law to use this product in a manner inconsistent with its labeling."

**Label Comments**

Revise your "Precautionary Statements", deleting the phrase "Harmful swallowed", to read:

"Corrosive. Causes irreversible eye damage skin burns. Harmful if swallowed or absorbed through the skin or inhaled. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses), rubber gloves, and protective clothing when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse."

Revise your "First Aid" statement to include the phrase "Have product container or label with you when calling a poison control center or doctor, or going for treatment."

**General Comments**

A stamped copy of the label is enclosed for your records. You must submit a final printed label before you release this product for shipment. If you have any questions regarding this letter, please contact Velma Noble at 703-308-6233.

Sincerely,

Velma Noble  
Product Manager 31  
Regulatory Management Branch I  
Antimicrobial Division (7510C)

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
DANGER**

Corrosive: Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through the skin or inhaled. Do not get in eyes, on skin or on clothing. Wear protective eye wear (goggles, face shield, or safety glasses), rubber gloves, and protective clothing when handling. Wash thoroughly with soap and water after handling. Harmful swallowed. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Do not store on side. Avoid creasing of side walls.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of all excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Plastic containers - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

## ADDITIONAL INFORMATION

As a detergent Auto-Chlor DS-33 is for light to medium duty. It is not formulated for gross filth and heavy accumulations of soil. Consult your Auto-Chlor serviceman for information about our wide selection of heavy-duty cleansers. After an initial thorough cleaning, use Auto-Chlor DS-33 to maintain the cleanliness of surfaces when they become lightly soiled. Regular and frequent applications are more efficient and practical than irregular cleaning.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Auto-Chlor DS-33 is a multipurpose product especially prepared for use in restaurants, hospitals, nursing homes, schools, and various institutions as a detergent, sanitizer, or disinfectant.

As a detergent/deodorizer, Auto-Chlor DS-33 is used for washing floors, tables, refrigerators, bathroom fixtures, garbage cans, etc., by mixing 1 fl. oz. of Auto-Chlor DS-33 with one gallon of water. For porous surfaces such as brick, tile or wood, a 3 oz. per gallon mixture should be used.

**Non-Food Contact Sanitizer:** A use dilution of 2 ½ fl. oz. of Auto-Chlor DS-33 per gallon of water may be applied with mop, sponge, cloth or brush to previously cleaned floors, walls, countertops, tables, chairs, garbage pails, and other hard non-porous surfaces. Apply until surfaces are thoroughly wet and allow to remain wet for 5 minutes. Allow surfaces to air dry.

**Disinfection:** Apply a use dilution of at least 2 ½ fl. oz. per gallon of water with a cloth, mop, sponge, or brush, to previously cleaned floors, walls, bedframes, tables, chairs, garbage pails, and other hard, non-porous surfaces. Surfaces must be thoroughly wetted for 10 minutes. Remove excess liquid.

This use level of Auto-Chlor DS-33 as a disinfectant under these directions is effective against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa.

Fresh solutions should be prepared daily or sooner if solution becomes visibly dirty. For food contact surfaces such as countertops and tables, thoroughly rinse surfaces with potable water.
