

DIRECTIONS: Manufactured and sold for use in Auto-Chlor Systems only to sanitize pre-cleaned dishes and glasses in bars and restaurants. Equipment adjusted to provide a use solution of 100-200 ppm available chlorine, according to the requirements of Public Health Authorities. The solution should not be permitted to fall below a concentration of 50 ppm available chlorine at any time, as determined by frequent testing with a suitable chlorine test kit. Allow utensils to remain immersed for $\frac{1}{2}$ to 2 minutes as required by law for full sanitizing.

CAUTION:

KEEP OUT OF REACH OF CHILDREN.

Avoid contamination of food.
Harmful if swallowed.
Contact may cause severe skin or eye irritation.
In case of eye or skin contact wash thoroughly with plenty of water.
Add material only to water. May cause fire or explosion if mixed with other chemicals.
Do not use this container for any liquid except
Solution - SAN.

SOLUTION - SAN
