

NET WT. 20 LBS.  
COVERS 5,000 SQ. FT. (50' x 100')

# HART'S

**TWO FOR ONE**  
**LAWN FERTILIZER**  
**WITH**  
**WEED KILLER**

**SPREADER SETTINGS**

LAWN BEAUTY .....	4½	JACKSON .....	6½
MODERN .....	5	SEARS .....	6½
SCOTT .....	5		

**NOTE:** Above spreader settings are approximate. Check your spreader on 100 sq. ft. and adjust to apply 6 oz. per 100 sq. ft. Rate of walk, moisture and spreader condition can vary the spreader setting necessary to apply the correct amount.

**ENJOY A GREENER LAWN FREE OF DANDELIONS, PLANTAIN,  
RAGWEED AND MANY OTHER BROAD LEAVED WEEDS**

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

**OTHER PRECAUTIONS ON BACK OF BAG**

**ACTIVE INGREDIENT:**

Dimethylamine salt of 2,4-Dichlorophenoxyacetic Acid 1.0%

**INERT INGREDIENTS**

99.0%

\*2,4-Dichlorophenoxyacetic Acid equivalent .83%

**MINIMUM FERTILIZER GUARANTEED ANALYSIS**

TOTAL NITROGEN (N) ..... 10.0%

AVAILABLE PHOSPHORIC ACID (P<sub>2</sub>O<sub>5</sub>) ..... 6.0%

SOLUBLE POTASH (K<sub>2</sub>O) ..... 4.0%

Potential acidity 700 lbs. calcium carbonate per ton

USDA REG. NO. 6251-1

## **DIRECTIONS FOR APPLICATION**

### **ESTABLISHED TURF**

Apply when weeds are tender and growing vigorously during the spring. In summer or early fall apply after heavy rains or several waterings.

### **NEW LAWNS**

Wait until your lawn has experienced it's first two mowings. Then apply TWO FOR ONE to clean out the weeds and to promote greater grass growth.

### **LAWN SEED BEDS**

Seed your lawn at least two weeks after TWO FOR ONE was applied. Make sure a good rain or watering preceeded seeding time at least 10 days. Spread TWO FOR ONE evenly at the rate of 4 lbs. per 1,000 sq. ft. When using HART'S LAWN Beauty Spreader set the dial at No. 4½. Do not apply on freshly seeded lawns, desirable clovers or lawns containing large quantities of creeping or bent grasses. Keep away from flowers, shrubs, and ornamentals. Do not mow, or tramp on, or water your lawn for at least one full day after a TWO FOR ONE application.

## **CAUTION**

Avoid inhaling dust. Avoid contact with skin, eyes or clothing.

## **WARNING**

Do not apply directly to, or otherwise permit it to contact, vegetables, flowers, grapes, fruit trees, ornamentals, cotton or other desirable plants which are sensitive to 2,4-D and similar materials.

Excessive amounts of 2,4-Dichlorophenoxyacetic acid in the soil may temporarily inhibit seed germination or plant growth.

Do not store near Fertilizers, seeds, insecticides, or fungicides.

Do not use same spreader for vegetable or ornamental gardens or wash carefully using suitable chemical cleaner.

Do not re-use containers. Destroy when empty.

## **WARRANTY**

The Chas. C. Hart Seed Company warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
