EPA REGISTRATION NO. 6284-31	DATE OF RECEIPT SEP 27 1994						
TERM OF ISSUANCE							
NAME OF PESTICIDE PRODUCT Chlorinated Jumbo Tablets							
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)							
NAME AND ADDRESS OF REGISTRANT (Include ZIP code) <div style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <p>Richey Industries, Inc. P.O. Box 909 Medina, OH 44258</p> </div>							
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.							
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act. A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith. Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.							
<p>Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continuous reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Make the following changes before you release the product for shipment.</p> <ol style="list-style-type: none"> 1. Refer to the enclosed Isocyanurate RED Attachment A for the necessary revisions to the Precautionary and Practical Treatment Statements of the subject label. 2. Delete "and related compounds" from the Active Ingredient Statement. 3. Revise the disposal instructions in accordance with the Pest/DIS-1 enclosure. 							
<input type="checkbox"/> ATTACHMENT A AVAILABLE							
SIGNATURE OF AGENT/INVENTOR							

A stamped copy of the product label is enclosed for your records. Submit one copy of the final printed labeling before releasing the product in channels of trade with the revised labeling.

If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of this condition.

PRECAUTIONARY STATEMENTS

DANGER

HAZARDS TO HUMANS & DOMESTIC ANIMALS

KEEP OUT OF REACH OF CHILDREN

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. When handling, wear rubber gloves and goggles or face shield and use only thoroughly clean dry utensils. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

FIRST AID (Practical Treatment): If Swallowed: Drink large quantities of water. Do not induce vomiting. Call a physician immediately. Probable mucosal damage may contraindicate the use of gastric lavage. If on Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If in Eyes: Flush with cold water for at least 15 minutes. Get immediate medical attention. If Inhaled: Remove person to fresh air. Get immediate medical attention.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT

Mix only into water. Use clean dry utensils. Do not add this product to any dispensing device containing the remains of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, chlorine gas (and possible fire and explosion). In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

NET WT.

BEST AVAILABLE COPY

These tablets contain 90% available chlorine. They contain 90% available chlorine. They are 100% soluble in water. They dissolve slowly to provide a continuous release of chlorine. The number of tablets required will vary depending on the size of the pool, the chlorine demand of the water, the wind, rain and other factors. Read the label for complete instructions.

DIRECTIONS FOR USE:
It is a violation of the Federal Insecticide, Fungicide, and Rodenticide Act to use this product in a manner inconsistent with its labeling.

POOL START-UP -
When first filling your pool, follow these steps:

1. Shock treat by adding 10 ppm available chlorine product used. Drop to 3 ppm.
2. Bring pool water to pH 7.2-7.6 with acid to reduce pH on labels.
3. Add water conditioner on labels.
4. Start maintenance program.

MAINTENANCE PROGRAM:
To start chlorination, add 1 tablet per 10,000 gallons of water, 1-2 times per week, or as needed.

Test your pool water daily. Make necessary adjustments. Test pH and maintain at 7.2-7.6.

If tablets are placed in the pool, they will be dissolved.

DO NOT: REUSE

chlorine tablets.

DO NOT: Throw

DO NOT: Pour

or mix with other chemicals.

DO NOT: Use

same container for other products.

DO NOT: Use

been used for other purposes.

SHOCK TREAT

Shock your pool every 1-2 weeks. If you see a sight of green or cloudy water, wind and dust loads, or if the chlorine level has dropped, add enough granular chlorine products to provide a shock treatment. Treat pool at night when the chlorine level has dropped. If the product being used is not a shock treatment, add enough granular chlorine products to provide a shock treatment.

1. The signal word is "DANGER"
2. Revise the Precautionary Statements to read:

CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

3. Revise the Statement of Practical Treatment to read:

STATEMENT OF PRACTICAL TREATMENT.

IF SWALLOWED: Drink promptly large quantities of water. Do not induce vomiting. Avoid alcohol. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably, mouth-to-mouth. Get medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
