Richey Industries, Inc.
P.O. Box 928
Medina, OH 44258-0928

Attention: Alan G. Sprague
Vice President Operations

Gentlemen:

Subject: Sears Bacteria and Algae Control Tri-chlor Concentrate
Jumbo Tables
EPA Registration No. 6284-35
Your Amendment Application Dated June 24, 1988

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the following revisions before you release the product for shipment bearing the amended labeling.
 - a. Delete "General Classification."
 - b. Revise the front panel referral statement to read "See practical treatment and additional precautions on side panel."
 - c. Revise "This product is toxic to fish" to read "This pesticide is toxic to fish."
 - d. Under "Maintenance Program" include instructions to test and maintain the water pH to between 7.2 to 7.6.
 - e. Relocate the practical treatment statements so that they appear immediately below the precautionary statements.
 - f. Include the manufacturer's street address on the labeling.
2. Submit the final printed labeling for inclusion in the product file.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

It should be understood that the labeling for the additional brand name products will comply with the most recently accepted basic/primary label under this registration.

If you have any questions in this regard, please contact Ms. Ruth Douglas at (703) 557-3842.

Sincerely yours,

Jeff Kempter

DANGER

Hazards to Humans & Domestic Animals

Keep Out Of Reach Of Children

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. When handling, wear rubber gloves and goggles or face shield and use only thoroughly clean dry utensils. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waterways unless in accordance with a NPDES permit. For guidance, contact the regional office of the U.S. Environmental Protection Agency.

PHYSICAL OR CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT

Mix only into water. Use clean dry utensils. Do not add this product to any dispensing device containing the remains of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, chlorine gas (and possible fire and explosion). In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

PRACTICAL TREATMENT (FIRST AID)

IF SWALLOWED: Promptly drink large quantities of water. DO NOT induce vomiting. Get medical attention. Avoid alcohol.

IF ON SKIN: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention.

IF IN EYES: Flush with cold water for at least 15 minutes. Get medical attention.

IF INHALED: Remove person to fresh air. Get medical attention.
