

CAUTION

FLAMMABLE MIXTURE

Do not spray into or near open flame.

Do not smoke while spraying.

RESIDUAL SPRAY INSECTICIDE is a highly effective new formulation which provides rapid kill of such crawling insects as listed below, including those resistant to certain other treated hydrocarbon and phosphate insecticides.

- | | |
|-----------------|------------|
| Ants | Millipedes |
| Brown Dog Ticks | Mosquitoes |
| Clover Mites | Roaches |
| Crickets | Scorpions |
| Earwigs | Silverfish |
| Fleas | Sowbugs |
| Flies | Spiders |

In addition to rapid kill, **RESIDUAL SPRAY INSECTICIDE** stays on the treated surfaces and gives long residual activity.

RESIDUAL SPRAY INSECTICIDE is designed for use in food processing plants, warehouses, restaurants, hotels, institutions, and industrial plants.

HOW TO USE

RESIDUAL SPRAY INSECTICIDE is ready to use as directed on the label. Do not dilute. Apply to surfaces of infested areas, including cracks, crevices, and other places where insects hide. Do not spray into or near open flame. Do not smoke while spraying. Do not spray into or near open flame. Do not spray into or near open flame.

RESTRICTIONS

Do not spray on surfaces where food is prepared or stored. Do not spray on surfaces where food is prepared or stored. Do not spray on surfaces where food is prepared or stored.

Do not spray on surfaces where food is prepared or stored. Do not spray on surfaces where food is prepared or stored. Do not spray on surfaces where food is prepared or stored.

Spray Only On Surfaces — Do Not Use As a Space Spray.

ACTIVE INGREDIENTS:

- | | |
|-------------------------------------|------|
| o-Isopropoxyphenyl methylcarbamate* | 1% |
| 2-Butoxyethanol | 9% |
| Petroleum Distillate | 90% |
| | 100% |

* Baygon is a registered trademark of Farbenfabriken Bayer A.G. Chemagro Corporation Licensee.

CAUTION:

KEEP OUT OF THE REACH OF CHILDREN.

FLAMMABLE—Read Precautions on Side Panels.

E.P.A. Registration No. 6294-25

INDOOR USE

Ants, Cockroaches, Crickets, Silverfish, Spiders, Scorpions, Waterbugs: Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact the treated areas until surfaces are thoroughly dry.

Brown Dog Ticks: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floor. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

OUTDOOR USE

Ants, Clover Mites, Crickets, Earwigs, Fleas, Flies, Mosquitoes, Millipedes, Sowbugs and Brown Dog Ticks: Spray infested areas thoroughly, including outside surfaces of screens, doors, window frames, foundation, patios, or other places where insects may enter. For ants, spray hills and mounds. Repeat as necessary. Do not spray vegetation.

CAUTION

FLAMMABLE—Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators, and all other hot surfaces.

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils, and food preparation areas.

Should illness occur, get prompt medical aid.

To Physician—Atropine Sulfate is antidotal.

Do not re-use empty container. Puncture and and discard, preferably by burying.
