Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
recommended for the pesticide  
registered under EPA Reg. No. 6297-6

**Dust Mite Powder**

This product uses patented Acarosol® technology, proven effective in controlling dust mites. Carpets and rugs in even the cleanest home can have dust mites. The house dust mite problem can be solved only by first destroying the house dust mite. Then their excrement and mite bodies can be gradually removed by regular cleaning procedures such as vacuuming and/or deep cleaning.

**RECOMMENDATIONS:** Persons with asthma or severe allergies:  
• Should consult with their doctor before use.  
• Have someone else apply and vacuum the product.  
• Remain out of the treated room for 3 hours following application.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Test on a small area of carpet prior to using throughout the home.

Apply in areas where dust mites and their allergen particle concentrations are highest such as near beds and regularly used furniture.

Use only on colorfast carpets. Check for colorfastness in an inconspicuous, small area of carpet first and examine when dry. If color is affected, do not use.

Sprinkle over an area of 120 sq.ft. (10' x 12'), or 2.5 oz. (3/4 cup) for every 3x3 foot area. Distribute evenly with a broom, carpet rake or scrubber. Allow the moist powder and carpet to thoroughly dry. Drying time varies depending on humidity levels from 3 to 12 hours. Vacuum thoroughly. One treatment lasts for up to 4 weeks.

Tips for maximum performance: • Start with a new vacuum bag. • Microfiltration vacuum bags and filters are recommended.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry area, inaccessible to children and pets.  
**DISPOSAL:** Do not reuse empty container. Wrap empty container and put in trash.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed, absorbed through skin or inhaled. May cause skin irritation such as rash and itching or swelling in sensitive individuals. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Keep children and pets off treated areas during application and until area is thoroughly dry and vacuumed.

**FIRST AID**  
Have the product  
container or label  
with you when  
calling a poison  
control center or  
doctor or going  
for treatment.

**IF SWALLOWED**  
**IF IN EYES**  
**IF ON SKIN  
OR CLOTHING**  
**IF INHALED**

• Call a poison control center or doctor immediately for treatment advice.  
• Have person sip a glass of water if able to swallow.  
• Do not induce vomiting unless told to do so by the poison control center or doctor.  
• Do not give anything by mouth to an unconscious person.  
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.  
• Call poison control center or doctor for treatment advice.  
• Take off contaminated clothing.  
• Rinse skin immediately with plenty of water for 15-20 minutes.  
• Call poison control center or doctor for treatment advice.  
• Remove to fresh air.

This package is sold by weight and not volume.
