BISSELL®
Acarosan®
Dust Mite Powder

[This product uses patented Acarosan® technology, proven effective in controlling dust mites. Carpets and rugs in even the cleanest [home][area] can have dust mites.] The dust mite problem can be solved only by first destroying the [dust] mite. Then their excrement and mite bodies can be gradually removed by regular cleaning procedures such as vacuuming and/or deep cleaning.]

RECOMMENDATIONS: Persons with Asthma or Severe Allergies:

- Should consult with their doctor before use.
- Have someone else apply and vacuum the product.
- Remain out of the treated room for 3 hours following application.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Test on a small area of carpet prior to using throughout the [home][area to be treated].

Apply in areas where dust mites and their allergen particle concentrations are highest such as near beds and regularly used furniture.

Use only on colorfast carpets. Check for colorfastness in an inconspicuous, small area of carpet first and examine when dry. If color is affected, do not use.

Sprinkle over an area of 120 sq. ft. (10' x 12'), or 2.5 oz. (3/4 cup) for every 3 x 3 foot area. Distribute evenly with a broom, carpet rake or scrubber. Allow the moist powder and carpet to thoroughly dry. Drying time varies depending on humidity levels from 3 to 12 hours. Vacuum thoroughly. One treatment lasts up to 4 weeks.

Tips for maximum performance:

- Start with a new vacuum bag.
- Microfiltration vacuum bags and filters are recommended.

NOTE: The following "Storage and Disposal" Statements will be Used for Product Packaged for Residential-Use:

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area, inaccessible to children and pets.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

[BACK PANEL LABEL CONT'D]

NOTE: The following "Storage and Disposal" Statements will be Used for Product Packaged for Commercial-Use:

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep product in original container and tightly closed. Do not reuse empty container.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
