Lab One Formula 128:1 bactericidal cleaning complex

This product represents the end result of an extra-strength combination of selective active ingredients specifically formulated to clean, disinfect and deodorize in one operation.

At an economical dilution of 1 ounce per gallon of water, it cleans and deodorizes effectively. At the same time, it provides potent germicidal action against a wide range of gram positive and gram negative organisms.

Suitable for use on any hard surface water will not harm, including floors, walls, ceilings, furniture, fixtures, furnishings and equipment.

Effective in hot or cold water.

Will not scum or form film. Does not interfere with the conductivity characteristics of conductive flooring.

Recommended for use in hospitals, nursing homes, medical and dental offices, schools, colleges, universities, hotels, motels, restaurants, stores, offices, industrial plants, public buildings.

PHENOL COEFFICIENT (A.O.A.C.)	10.3 Staphylococcus Aureus 7.9 Salmonella Typhosa
ACTIVE INGREDIENTS:	26.78: _
Potassium jaurate, potassium myristate & related produc	
Isopropanol	5.00° •
Potassium 4-chloro-2-cyclopentylphenate	5.01%
Potassium 2-phenylphenate	
Potassium 2-benzyl-4-chlorophenate	2.12%
Fetrasodium ethylenediaminetetraacetate	
INERT INGREDIENTS:	73.22%
uncludes sodium nitrite)

E.P.A. Reg. No. 6378-21-AA E.P.A. Est. No. 6378-MD-1, CA-1, IL-1 STAPHYLOCIDAL SALMONELLACIDAL

TUBERCULOCIDAL PSEUDOMONACIDAL

FUNGICIDAL*

DIRECTIONS

A dilution of 1 ounce of LAB ONE per gallon of water provides a general purpose solution that can be used on any water-washable surface. As it cleans, this basic solution provides positive disinfectant action against a broad spectrum of gram negative and gram positive organisms, and supplies a physically and bacteriologically clean environmental surface.

*Against pathogenic fungi

WARNING! KEEP OUT OF THE REACH OF CHILDREN.

Causes eye or skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Rinse container thoroughly with water and discard it.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician.

Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician.
