

**FOR EXISTING BUILDINGS
SUBTERRANEAN TERMITES**

Mix one quart per 25 gallons of water. (This meets the F.H.A. 1% minimum finished dilution ratio for termite control chemicals.) Spray mudsills and adjacent timber until the surface is wet. Dig a trench approximately 30 inches deep by 6 inches wide around each side of the foundation. Do not dig deeper than the top of the footing, however, if it is shallower than 30 inches. Apply 4 gallons per 5 linear feet of trench. Inspect treated area annually and repeat application if necessary.

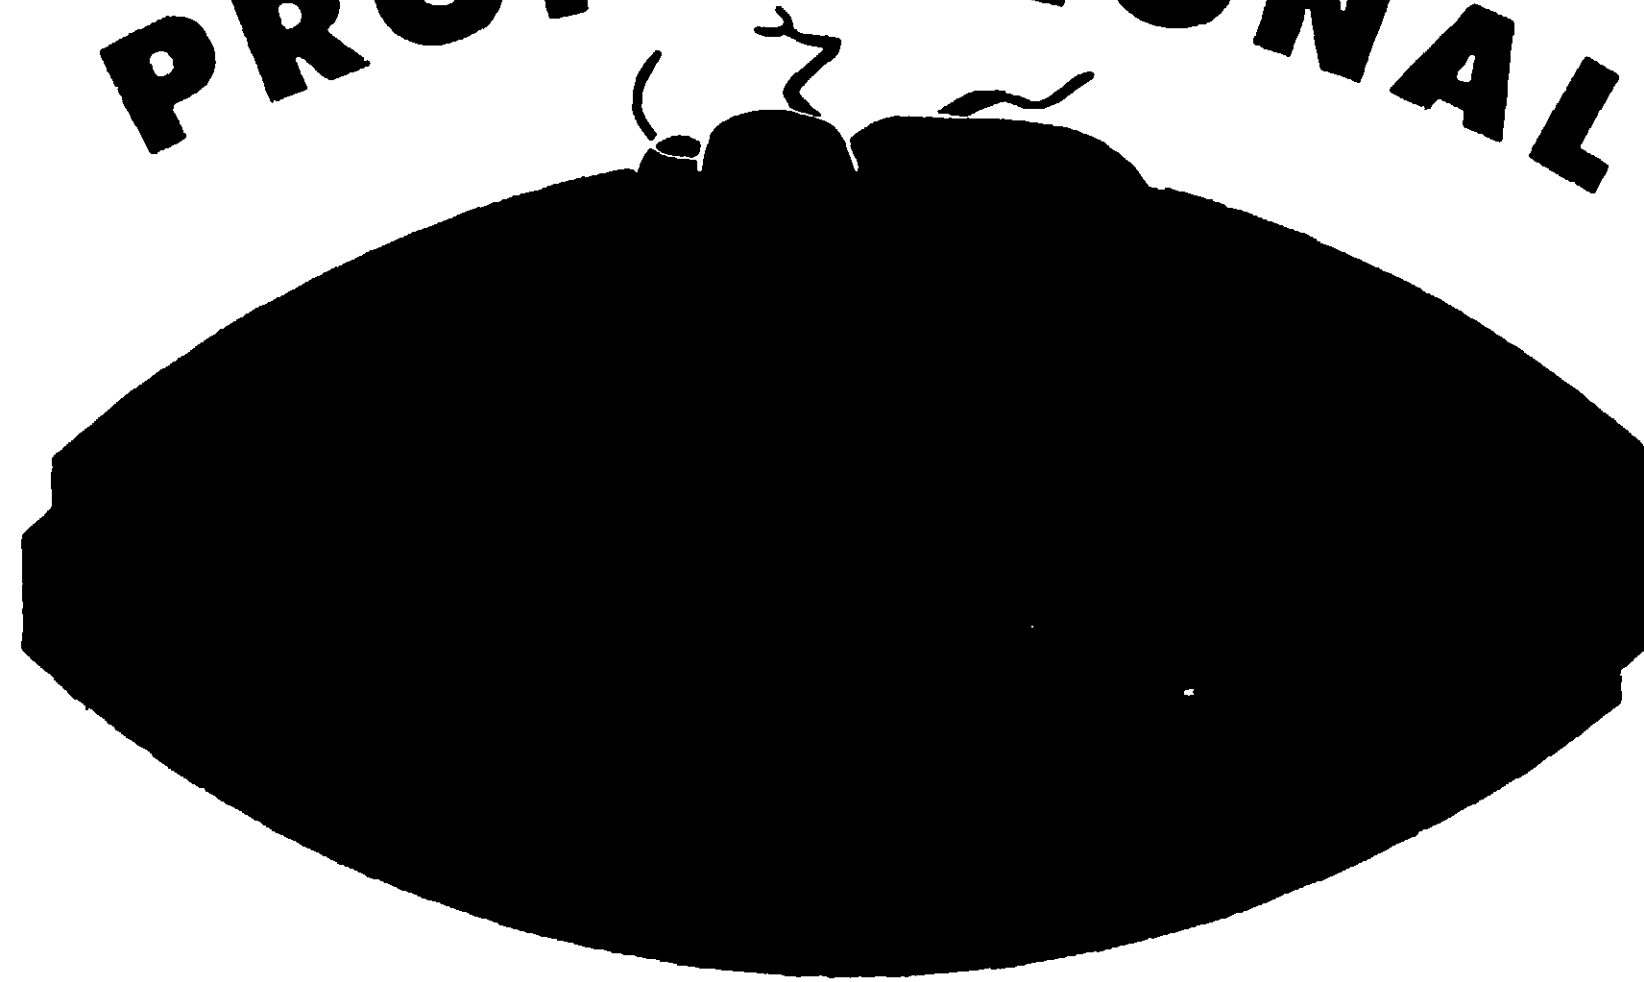

U.S. Marketing Dist. guarantees the contents of this package true to the statement of composition. Further than that no warranty is offered or to be implied. Directions or any other statements on this label or attributed to our representatives are offered for information only. Because conditions of application are beyond our control neither we nor our representatives are to be held responsible in any manner for any personal injury, property damage, or any other type of loss resulting from the use of this product. The buyer assumes all risk and liability resulting from the handling, storage or use and accepts and uses this material on these conditions.

NET CONTENTS

THE ORIGINAL

ONE GALLON

PROFESSIONAL

ACTIVE INGREDIENTS:

*Technical Chlordane	73.0%
Petroleum Hydrocarbons	21.8%

INERT INGREDIENTS	5.2%
--------------------------------	-------------

*Equivalent to 43.8% of Octachloro-4,7-dimethano-1,2,3,4,5,6,7,8-octahydroindane and 29.2% related compounds.

WARNING

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed or inhaled. Contact with skin can cause toxic symptoms. Do not swallow or inhale. Avoid contact with skin, eyes and clothing. Avoid contamination of feed and foodstuffs. Do not feed threshings, hullings or forage from treated crops to dairy animals or animals being finished for slaughter. Use only under well ventilated conditions.

ANTIDOTE

EXTERNAL: In case of spillage on skin, wash promptly with soap and water.

INTERNAL: Emetic of 1 Tablespoon of mustard in a tumbler of water. Call a physician.
