

MC-20 WITH PINE ODOR

DETERGENT SANITIZER DEODORANT DISINFECTANT

FEATURES:

MC-20 has been designed as a multi-purpose, multi-action product: detergent, deodorant, and disinfectant. MC-20 is highly effective against infection resistant *Staphylococcus aureus* and *S. typhosa*. Users of MC-20 can be assured of effective cleaning and disinfecting qualities when MC-20 is used as directed. When MC-20 is regularly used, it destroys odors and prevents the formation of new odors. Effective against *PS. aeruginosa* at a 1:64 dilution.

WHERE TO USE:

Use MC-20 as a general cleanser at all times. Use daily for thorough cleaning, deodorizing, and disinfecting of: floor mats, gym lockers, halls, telephones, restrooms, rest rooms, locker rooms, showers, locker benches, vending machines, and other areas that require regular cleaning.

ACTIVE INGREDIENTS:

n Alkyl (60% C14, 30% C16, 5% C12, 5% C18)	
Dimethyl Benzyl Ammonium Chloride	3.1%
Sodium Carbonate	3.1%
INERT INGREDIENTS	93.8%
	100.0%

PHENOL COEFFICIENTS: *S. Typhosa* 13 *Staphylococcus Aureus* 22

Use 3 ounces MC-20 per gallon of water for disinfecting hard surfaces. Where infectious disease germs may have been present, a second rinse after cleaning, using 4 ounces MC-20 per gallon of water, is suggested. FOR DEODORIZING use 2 ounces MC-20 per gallon of water, and thoroughly clean all surfaces. FOR GENERAL CLEANING AND SANITIZING OF HARD SURFACES use 1 ounce MC-20 per gallon of water. RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND DISCARD IT.

DANGER

DANGER:

Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatine solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
