DEC 6 1974

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
ED UNDER NO. 6469-4

DANGER

KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

First Aid

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

Note to Physician

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Rinse Empty Container Thoroughly with Water and Detergent and Discard It.

DIRECTIONS

Certi-Foam "S" should be diluted with no more than 3 parts of water to provide sanitizing action and aid in reduction of the number of bacteria.

Prepare rug for shampooing by pile brushing and/or vacuuming. Remove all spots prior to shampooing.

Note: For proper use, 1 gallon of diluted 8:1 stock solution should be applied so that it covers 80 to 100 square feet of carpet. To promote even, thorough, streak-free cleaning, use a circular scrubbing action about 1 and 1/2 times the diameter of the brush on the shampooer and feed the solution as needed to produce an even film of suds.

FOR HOSPITAL USE — Follow rotary shampooing with a wet vacuum pick up.

Use Hand Nap Brush to lay the nap in the same direction.
