

# BOAT BOTTOM CLEANER

**CONCENTRATED.** Specially formulated to rapidly remove algae, lime, scum, and other marine residue. Cleans hulls, outboards, propellers, pontoons, and floats.

**DIRECTIONS:** Use full strength to strip off heavy residue. For light residue dilute 1 to 1 with water in a plastic pail. Apply with paint roller with extension handle. Apply solution and work into residue, allow solution to soak in for 5 minutes. Rinse off residue with water under pressure or with sponge. Repeat application if required. Cool temperatures retard cleaning action. Best temperature is 70° F. or above. Active ingredient will damage nylon boat slings and certain other synthetic fabrics. Protect synthetics with polyethylene.

## POISON & DANGER

### KEEP OUT OF REACH OF CHILDREN.

Contains hydrogen chloride. Causes severe burns on contact, and fumes are corrosive. Use in a well ventilated area and wear rubber gloves and protective clothing. Avoid contact with skin, eyes, mucous membranes, and clothing. Do not breathe vapor or fumes. Harmful or fatal if swallowed.

### FIRST AID

**EYES**—Flush eyes immediately with water for at least 20 min.

**EXTERNAL**—Flush with water for at least 15 minutes, then wash with magnesium or baking soda.

**INTERNAL**—Drink large quantities of water or milk. Follow with milk of magnesia, chalk, beaten eggs, or vegetable oil.

**CALL PHYSICIAN AT ONCE**
