

**MOTH
BALLS**
FOR MOTH
PROTECTION

DIRECTIONS

Clean and brush your garments before storing. Use 1 pound MOTH BALLS or FLAKES for each 50 cubic feet of Storage Space. Keep Storage Area tightly closed during Storage. If Storage area is opened occasionally add more MOTH BALLS or FLAKES. DO NOT bring in direct contact with plastics. DO NOT mix with any other MOTH PREVENTATIVES.

When any stored article is needed simply remove from Storage area and place in Warm Air for a short time.

For maximum efficiency, do not open Storage area for at least 7 days after addition of MOTH BALLS or FLAKES.
