

ILF BACSTAT SOFTENER

FABRIC SOFTENER CONCENTRATE

Residual activity against Gram positive organisms
under conditions of high relative humidity
or wet contamination

USE DIRECTIONS

Use 2 ounces *ILF Bacstat Softener*
per 100 lbs. of dry laundry in final
cycle (rinse or sour). May be used in
conjunction with common laundry
soaps.

Fabric treated as directed will develop
residual bacteriostatic activity against
Gram positive (*S. aureus*) organisms
under conditions of high relative humidity
or wet contamination.

ILF Bacstat Softener softens clothes,
thus eliminating chafing, "static cling"
out of nylons and other synthetics.
Improves ironing time.

This product is not effective as a
bacteriostat against Gram negative organisms.

FOR INDUSTRIAL AND COMMERCIAL LAUNDRY USE ONLY

Active Ingredients:

n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈)
dimethyl benzyl
ammonium chlorides 2.08%

DANGER

KEEP OUT OF REACH OF CHILDREN
See right side panel for first aid
and precautionary statements

DANGER

KEEP OUT OF REACH OF CHILD-
REN. Causes eye and skin irritation.
Do not get in eyes, on skin, or on
clothing. Harmful if swallowed. Avoid
contamination of food.

FIRST AID

In case of contact, immediately flush
eyes or skin with plenty of water for
at least 15 minutes. For eyes, call a
physician. Remove and wash all con-
taminated clothing before reuse. If
swallowed, drink milk, egg whites,
gelatin solution, or, if these are not
available, drink large quantities of
water. Call a physician.

Rinse empty container thoroughly with
water and discard it.
