

DIRECTIONS

TO CONTROL AMBROSIA BEETLES, BARK BEETLES, AND WOOD BORERS IN LOGS

Add one gallon of Beetle Kil to 28 gallons of Diesel fuel or No. 2 fuel oil and mix well. Water can also be used at the same rate of dilution, but the protection offered will not be as long lasting.

Spray entire surface of logs including cut ends. One gallon of spray should cover a maximum of 100 square feet of area. A power sprayer is recommended.

Logs should be sprayed within 24 hours of cutting.

For storage of logs for a period of several months spray the ground under the logs.

STORAGE AND DISPOSAL

"Do not contaminate water, food or feed by storage or disposal.

Open dumping is prohibited.

Pesticide, Spray Mixture or rinsate that cannot be used or chemically processed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

Reseal container and offer for reconditioning or triple rinse and offer for recycling, reconditioning or disposal in an approved landfill or bury in a safe place.

Consult Federal, State or Local disposal authorities for approved alternative procedures."

DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME

E.P.A. REGISTRATION No. 6651-11
E.S.T. No. 6651-MS-1

**CONTROLS
AMBROSIA BEETLES
IN LOGS AND LUMBER**
**Protects Stored Logs From Bark Beetles
And Wood Borers**

ACTIVE INGREDIENTS:	
LINDANE (Gamma isomer of benzene hexachloride)	12.6%
Petroleum distillate	83.3%
INERT INGREDIENTS	4.1%
Total 100.00%	

Contains one pound gamma isomer benzene hexachloride per gallon.

CAUTION
**KEEP OUT OF REACH
OF CHILDREN**

Causes skin irritation. Harmful or fatal if swallowed. Do not breathe spray mist. Do not get in eyes, on skin or clothing. Wash thoroughly after handling. Do not take internally. In case of swallowing induce vomiting by administering warm salt water or emetic. Do not contaminate feed or foodstuffs. Do not use on products that will be used in contact with food or feed, or contacted by children.

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Wear rubber gloves and protective clothing when handling the freshly treated lumber.

A PRODUCT OF

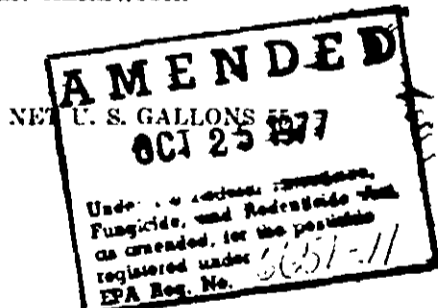

**TO CONTROL AMBROSIA BEETLES
IN LUMBER DURING SEASONING**

Ambrosia beetles may attack green lumber during the first stages of seasoning if unprotected.

Add one gallon of Beetle Kil to each 160 gallons of anti-stain solution in the dip tank. Agitate well to form an emulsion. If dip tank is left undisturbed for more than 15 minutes, agitate well. Immerse in this mixture in the dip tank by lumber is usually enough to keep the active ingredient in suspension.

NOTE

BUYER ASSUMES ALL RISKS OF USE, STORAGE OR HANDLING OF THIS MATERIAL NOT IN STRICT ACCORDANCE WITH DIRECTIONS GIVEN HEREWITH.
