Attn: Rensor J. Zenon

Dear Mr. Zenon

Subject: Ant & Roach Killer  
Your submission dated September 30, 1988  
which included revised labeling to satisfy California  
Department of Food and Agriculture requirements  
EPA File Symbol/REG. NO. 6658-23

The labeling referred to above, submitted in connection with  
registration under the Federal Insecticide, Fungicide and Rodenticide  
Act, as amended, is acceptable if you make the following changes on your  
next set of printed labels.

The STATEMENT OF PRACTICAL TREATMENT portion of the label should be  
updated as follows:

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Do not induce vomiting. Call a physician or Poison  
Control Center immediately.

**IF INHALED:** Remove to fresh air.

**IF ON SKIN:** Remove contaminated clothing and wash affected area with  
soap and water.

**IF IN EYES:** Flush eyes with plenty of water. Get medical attention if  
irritation persists.

in EPA Letter Dated:

MAY 9 1990

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide  
registration under EPA Reg. No.

# WASP-A-WAY

**A SYNTHETIC PYRETHROID FOR  
CONTROLLING WASPS, HORNETS,  
YELLOW JACKETS, BEES AND SPIDERS...**

**Strong jet spray fans out at 12-15 foot  
range to cover entire nest.**

<b>ACTIVE INGREDIENTS:</b>	
Permethrin (10-phenoxy-3-phenoxy-2-propyl 2,2-dimethyl-3-(2-methyl-1-propenyl) cyclopropanecarboxylate)	6.280%
Insect Diathene	40.740%
<b>INERT INGREDIENTS</b>	<b>50.810%</b>
	<b>99.990%</b>

Patent Nos. 4,400,007 and 3,542,828

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING: FLAMMABLE, IRRITANT OR CORROSIVE**  
**CONTENTS UNDER PRESSURE. SEE BACK PANEL FOR**  
**TRIAL PRECAUTIONARY STATEMENTS.**

EPA REG. NO. 23-23-0001-23      EPA REG. NO. 23-23-0001-23  
**NET CONTENTS 16 OZ. (1.125 L.)**

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS**

**WARNING**

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

**PHYSICAL & CHEMICAL HAZARDS**

Contents under pressure. Do not puncture. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

**DISPOSAL**  
**DO NOT REUSE EMPTY CONTAINER**  
**WRAP CONTAINER AND PUT IN TRASH**  
**COLLECTION**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove protective cap. Hold can at arms length with spray opening aimed away from person. Push spray spout down to spray.

**INDOORS TO KILL WASPS, HORNETS, YELLOW JACKETS, AND BEES:** Apply late evening when insects are at rest. Spray liberally into hiding and breeding places, under rafters. Spray insects directly in and around nest without stopping. For greater protection against stinging always start with full container for these insects.

**TO KILL SPIDERS:** Spray directly on these pests. Apply repeatedly to all cracks and crevices which harbor spiders. Use a circular hand motion to cover and saturate webbing.

**OUTDOORS:** Apply as a contact spray, directly on insects. Aim spray opening away from person. Avoid spraying plants or turf except to spray infested areas. WASPS, HORNETS, YELLOW JACKETS AND BEES: Same as directed for indoor use. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate in and around nest opening. Contact as many insects as possible. Always start with a full container for these stinging insects.

For use in homes, hotels, greenhouses, packaging and processing plants, school houses, commercial, industrial and institutional buildings, storage buildings, feed mills, dog kennels and horse stables. In horse stables, not for application if horses will be used for food.

# FLYING INSECT KILLER

**A SYNTHETIC PYRETHROID ESPECIALLY  
EFFECTIVE IN CONTROLLING FLIES,  
MOSQUITOES, GNATS AND MOTHS.  
ALSO ANTS, SPIDERS AND ROACHES.**

**ACTIVE INGREDIENTS:**

+ *Permethrin [5-(phenylmethyl)-3-turanyl] methyl 2,2-dimethyl-3-(2-methyl-1-propenyl) cyclopropanecarboxylate	0.250%
Petroleum Distillate	48.740%
INERT INGREDIENTS	58.810%
	100.000%

\* Cis/trans isomer ratio: max 38% (±) cis and 70% (±) trans.  
+ US Patent Nos. 3,485,087 and 3,542,828

**FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY**

**KEEP OUT OF REACH OF CHILDREN  
WARNING: FLAMMABLE. HARMFUL OR FATAL IF SWALLOWED.  
CONTENTS UNDER PRESSURE. SEE BACK PANEL FOR ADDI-  
TIONAL PRECAUTIONARY STATEMENTS.**

EPA REG. NO. 6658-23

EPA EST 6658-MO-1

**NET CONTENTS 18 OZ. (1 Lb. 2 Oz.)**

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS**

**WARNING**

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

**PHYSICAL & CHEMICAL HAZARDS**

Contents under pressure. Do not puncture. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. Expose to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

**DISPOSAL**

**DO NOT REUSE EMPTY CONTAINER  
WRAP CONTAINER AND PUT IN TRASH  
COLLECTION**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove protective cap. Aim spray opening away from person. Push button down to spray.

**INDOORS TO KILL HOUSEFLIES, mosquitoes, gnats and moths.** Close all doors and windows. Point nozzle upward, direct the micronized spray mist to all parts of the room especially windows and other light sources which attract these insects. Fill the room with mist then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

**TO KILL ANTS** Spray directly on insects and around window frames, door, trails, and ant hills. Repeat as necessary.

**TO KILL COCKROACHES** Spray infested area until thoroughly wet. Direct spray to contact these insects in cracks and crevices in floors, baseboards, window sapes, behind cabinets and other harborages. Repeat as necessary.

**TO KILL SPIDERS** Spray directly on these pests and make repeated applications to the webbing and all cracks and crevices which harbor spiders.

For use in hotels, motels, restaurants, supermarkets, food handling establishments, packaging and processing plants. Also for use in buses and trucks, in kennels and horse stables. In horse stables not for application if horses will be used for food.

In food handling areas, food should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Apply only when facility is not in operation.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove protective cap. Aim spray away from person - push button down to spray. For institutional and industrial use indoors and around premises:

**INDOORS. To Kill Ants, Cockroaches, Spiders, Earwigs, Mites, Sowbugs, Crickets, Beetles, Silverfish, Centipedes, and Millipedes:** Direct spray to contact these insects in cracks and crevices on floors, baseboards around pipes, behind cabinets and other harborages. Spray these infested areas until thoroughly wet. The directional stream lets you wet these areas with minimum overspray. Repeat as necessary.

**TO KILL ANTS:** Spray directly on insects and around window frames, door, trails, and hills.

**TO KILL SPIDERS:** Spray directly on these pests and make repeated applications to the webbing and all cracks and crevices which harbor spiders.

**OUTDOORS:** Apply as a contact spray, directly on insects. Aim spray opening away from person. Avoid spraying plants or turf except to spray infested areas.

**ANTS:** Same as directed above for indoor use.

**EARWIGS, SOWBUGS, CRICKETS, BEETLES, SILVERFISH, CENTIPEDES AND MILLIPEDES:** Apply as a contact spray as for indoor use.

**TO KILL TENT CATERPILLARS:** Apply when caterpillars are young and tents are first noticed. For best results apply in late afternoon or evening when insects have returned to their tents. Aim spray directly at tent and totally saturate on all sides. Repeat as necessary.

Where to sell: See PRODUCT DATA SHEET

In food handling areas, food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Apply only when facility is not in operation.
