Maryland Heights, MD 63043

Attention: George Lamb
Research & Development

Gentlemen:

Subject: Cleaner/Disinfectant
EPA Registration No. 6658-38
Your Submission Dated April 8, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Delete the statement "General Classification."
2. Delete the word "Milk."
3. Delete the statement "Measures against circulatory shock, respiratory depression and convulsion may be needed."
4. Revise the referral statement on the front panel to read:

See back panel for additional precautionary statements.

5. Include the following statement under a subheading "Physical or Chemical Hazards":

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 120° F may cause bursting.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.
