SPRAY NINE CLEANING

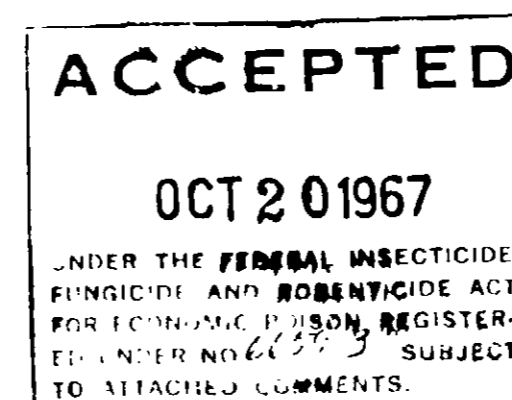

So Easy to do Saves time and effort, too!

SPRAY NINE is a multi-purpose, extra heavy duty cleaner with a multitude of uses. SPRAY NINE's unique chemical action dissolves most soils, enabling it to clean where other cleaners fail. In addition SPRAY NINE disinfects as it cleans.

SPRAY NINE is particularly effective for instantly dissolving soils having an oily or greasy base. Such soils include:

Smoke deposits
Soot
Lube Oil
Grease
Fingerprints
Cooking vapors

Burned foods
Crayon marks
Lipstick marks
Old wax
Bathtub ring

In addition to these soils, SPRAY NINE is an efficient cleaner for:

Algae
Silt
Light rust
Marine fouling
Perspiration stains
Mildew

Fresh paint
Printing ink
Pencil marks
Inorganic soils
Heel and scuff marks

Surfaces which respond particularly well to SPRAY NINE cleaning include:

Vinyl upholstery
Plasters
Ceramic surfaces
Chrome
Metals

Rubber
Porcelain
Enamel
Fiber glass laminates
Stainless steel

Practically all soils on non-porous surfaces — glass, chrome, rubber, vinyl, glazed ceramics, porcelain, etc.—are removed almost instantly by SPRAY NINE. While SPRAY NINE is primarily a hard-surface cleaner, there are a few porous-type surfaces which are suitable for SPRAY NINE cleaning, such as vinyl and asphalt floor tiles, linoleum, certain wall paints, etc. The microscopic roughness of such surfaces permits adhering soils to grip the surface mechanically. SPRAY NINE normally will require a few seconds of soaking time to completely loosen soils from such surfaces. Also wax-base soils such as crayon marks normally require brief soaking before they can be wiped off completely.

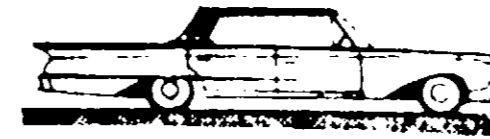

REMEMBER:

**"Try it for home, office, factory and institution,
For tough cleaning problems, SPRAY NINE is your solution!"**

SPRAY NINE CLEANING

So Easy to do
Saves time and effort, too!

What is SPRAY NINE? You never heard of it?

"Listen, my friends, and you shall hear
Of the greatest cleaning discovery in years."

ALL SPRAY NINE is a new, extra heavy duty cleaner
that I use in the home, the garage, in institu-
tions, in every kind of industry.

"SPRAY NINE will save you hours of work.
Its unique chemical action dissolves the dirt!"

SPRAY NINE does a novel chemical action which
dissolves dirt instead of just dispersing it. This chemical
action of SPRAY NINE penetrates greasy soils faster than
conventional cleaners. No tedious waiting for dirt to
be removed because SPRAY NINE saves hours of cleaning
time with its unique solvency for soil.

"Makes rubbing and scrubbing obsolete.
The spray on, wipe off, method can't be beat!"

All you need for SPRAY NINE cleaning is SPRAY
NINE, a damp sponge and a soiled surface. No more
pails, mops and other cleaning paraphernalia — just spray
on and wipe off.

"Non-toxic, non-flammable and a germicide—
SPRAY NINE will leave dirt no place to hide."

SPRAY NINE is a new, extra heavy duty cleaner
that I use in the home, the garage, in institu-
tions, in every kind of industry.

"SPRAY NINE is economical as well
Has more uses than time to tell."

The Spray Wipe off method uses every drop of full
strength SPRAY NINE for dissolving stubborn soils.
SPRAY NINE may be diluted with water for cleaning less
soiled surfaces.

"Try it for home, office, factory and institution.
For tough cleaning problems, SPRAY NINE is
the solution!"

Try SPRAY NINE, work with it, experiment with it and
you will be greatly surprised. But, if you really give it a
trial, you will love it with every fiber of your body. SPRAY
NINE is a wonder. Remember SPRAY NINE will never work
for you if you don't use it. It is the best cleaning agent you have ever tried.
The amount of use you get out of SPRAY NINE is up
to you!

Vinyl Upholstery — cars, boats, buses, airplanes, coats,
shoes, handbags.

For tough cleaning problems, SPRAY NINE is your solution!"

SPRAY NINE CLEANING

So Easy to do
Saves time and effort, too!

What is SPRAY NINE? You never heard of it?

"Listen, my friends, and you shall hear
Of the greatest cleaning discovery in years."

SPRAY NINE is a multi-purpose, extra heavy duty cleaner with a thousand uses, in the home, the garage, in institutions and in every kind of industry.

"SPRAY NINE will save you hours of work.

Its unique chemical action dissolves the dirt!"

SPRAY NINE cleans by a novel chemical action which dissolves dirt instead of just dispersing it. This chemical action of SPRAY NINE penetrates greasy soils faster than conventional cleaners. No tedious waiting for dirt to loosen, because SPRAY NINE saves hours of cleaning time with its unique solvency for soil.

"Makes rubbing and scrubbing obsolete,

The spray on, wipe off, method can't be beat!"

All you need for SPRAY NINE cleaning is SPRAY NINE, a damp sponge and a soiled surface. No more pails, mops and other cleaning paraphernalia — just spray on and wipe off.

OUT "Non-toxic, non-flammable and a germicide —

SPRAY NINE will leave dirt no place to hide."

Powerful enough to kill most germs, Spray Nine is still kind to your hands. There is no need to wear gloves or other protective clothing while using Spray Nine. Contains no petroleum solvents and is non flammable.

"SPRAY NINE is economical as well

Has more uses than time to tell."

The Spray'n Wipe off method uses every drop of full strength SPRAY NINE for dissolving stubborn soil. SPRAY NINE may be diluted with water for cleaning less soiled surfaces.

"Try it for home, office, factory and institution.
For tough cleaning problems, SPRAY NINE is the solution!"

Try SPRAY NINE, work with it, experiment with it and you may be greatly surprised. If you honestly give it a chance, we believe you will be as enthusiastic about SPRAY NINE as we are. Remember, SPRAY NINE cannot work for you sitting on the shelf or in your cleaning closet. It can be the best cleaning agent you have ever tried — the amount of use you get out of SPRAY NINE is up to you!
