Chemistry does the work for you.

KNIGHT'S
SPRAY NINE

is a modern foaming hard-surface detergent that dissolves dirt on contact - destroys household germs and bacterial odors too.

PRECAUTIONS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes eye irritation. Avoid contact with eyes or clothing. If in eyes: flush with plenty of water. Get medical attention if irritation persists.

DIRECTIONS FOR USE
GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labelling. All treated items which come into contact with food must be rinsed with potable water before reuse.

TO CLEAN

1. Spray on soiled surface.
2. After 20 seconds, wipe off soil with a damp sponge.
3. Rinse wiping sponge often.
4. Stubborn stains may require scrubbing or a second application.

TO DISINFECT

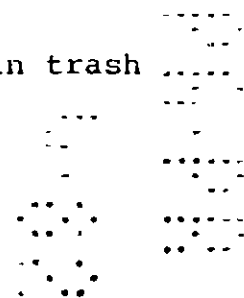

1. Clean surface as directed above.
2. Respray to wet surface thoroughly.
3. After 20 seconds minimum, wipe off with clean, damp sponge.
4. Rinse sponge often in clean water.

DISPOSAL

Do not reuse empty container. Wrap container and put it in trash collection.

Attention: Mr. R. G. Brown

Gentlemen:

Subject: Knight's Spray Nine
EPA Registration No. 6659-3
Submission Dated April 27, 1982

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Add the sentence "When spraying avoid contamination of food" as the last sentence of the 3rd paragraph on the back panel (which begins "It is a violation ...").
 - b. We note that your label or container must contain the appropriate Establishment Registration Number.
 - c. For the record, please indicate to us the testing laboratory or organization where the tests were conducted and the name(s) of the person(s) responsible for the conduct of the tests.
 - d. Refer to the enclosure "THE LABEL" and make sure that you have complied with the type size requirements and following items: 1, 2, 3, 4, 5, 6a, 6b, 7, 7a, 7b, 7d, 7e, 8, 8a, 8b, 9c, 10c, and 10d. Refer also to the A-79 enclosure in meeting the final printed label submission requirements. In most cases the final label is the label that will be affixed to the container.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

JHL
