

[4720-34]

Formulated and Manufactured especially for use in Food Plants, Restaurants, Hospitals, Factories, Warehouses and Homes. It is indicated for use in all sanitary programs for it will not stain or leave a residual odor when used as directed.

— DIRECTIONS —

To Kill Flies, Mosquitoes and Gnats:

Close room and discharge spray mist vigorously in all parts of room, using **two or three ounces** for each 1,000 cubic feet of space. Leave room closed for at least 10 minutes. Repeat as needed.

For Use in Fog or Mist Type Applications:

This spray should be applied at a rate not to exceed **one gallon per 50,000 cubic feet.**

To Kill Fleas (infesting premiss):

Remove and destroy animals' bedding and spray sleeping quarters freely, forcing the spray into cracks in the floor and about the room, baseboards, rugs, upholstered furniture. Repeat when necessary.

To Kill Clothes Moths, Carpet Beetles:

Spray articles to be protected, giving particular attention to folds and seams. Interior surfaces of storage containers such as closets, chests and trunks should be regularly sprayed. This treatment should be repeated every 30 days unless the articles are stored in a moth-tight container.
