SPECIMEN LABEL

CHINCH BUG GRANULES

Contains ®TRITHION

ACTIVE INGREDIENTS:

Carpobhenothion (S[p-chlorophenylthio] methyl] 0,0-diethyl phosphorodithioate)	5.65%
INERT INGREDIENTS	94.35%
TOTAL	100.00%

®Reg. Trade Mark Stauffer Chemical Company
U. S. Patent No. 2,793,224

CHINCH BUG GRANUALES provide a clean and convenient way to control chinch bugs. No mixing, dilution or other preliminary work is required. Apply CHINCH BUG GRANULES from container, as directed below, and water in after application.

DIRECTION

AREA TREATMENT: Apply at rate of 3 pounds per 1,000 sq. ft. if lawn area. Apply with spreader, seeder or any other method which will give even distribution. Cyclone Broadcast Lawn Spreader, Model B, improved will give excellent results. The recommended setting for spreader is 4.2, broadcast width 4 ft.

CAUTION

MAY BE FATAL IF SWALLOWED.

Do not get in eyes, on skin or on clothing.
For commercial application, wear rubber gloves, protective clothing, rubber overshoes and goggles.
In case of contact, wash immediately with soap and water; for eyes flush with water for 15 minutes.
Wash hands, arms and face thoroughly with soap and water before eating or smoking. Wash contaminated clothing with soap and hot water before re-use.
To protect fish, do not contaminate aquariums, streams, lakes or ponds with this material.
Do not permit children or domestic animals on lawn until treated area is completely dry.

STORE OUT OF REACH OF CHILDREN.

THITHION®, upon repeated, prolonged and careless use, may cause cholinesterase inhibition.
ATROPINE IS ANTIDOTAL. Commercial operators should keep supply of Atropine 1/100 grain tablets.
Destroy empty container — do not re-use.

NOTICE: Seller's guaranty shall be limited to the terms of the labels and subject thereto, the buyer assumes any risk to persons or property arising out of use or handling, and accepts the product on the conditions.

CAUTION: KEEP OUT OF REACH OF CHILDREN.
