

# THIRAM 75

## TURF FUNGICIDE

For Lawns, Greens and Fine Turf

### ACTIVE INGREDIENT

Thiram (Tetramethylthiuram disulfide) 75%

### INERT INGREDIENTS

Water-soluble granules. Contains 75% Thiram. The balance is composed of water-soluble granules. Thiram is a fungicide that is effective against a wide range of fungi that cause diseases of lawns, greens and fine turf. It is also effective against some insects that cause damage to lawns, greens and fine turf. Thiram is a systemic fungicide that is absorbed by the plant and moves to the site of infection. It is also a contact fungicide that kills fungi on contact. Thiram is a broad-spectrum fungicide that is effective against a wide range of fungi. It is also effective against some insects that cause damage to lawns, greens and fine turf. Thiram is a systemic fungicide that is absorbed by the plant and moves to the site of infection.
