5% MALATHION
PCO DUST

FOR USE BY PEST CONTROL OPERATORS ONLY

ACTIVE INGREDIENT :

Malathion (O,O-dimethyl dithiophosphate of diethyl mercaptosuccinate)
INERT INGREDIENTS:
TOTAL

DIRECTIONS FOR USE

FOOD HANDLING ESTABLISHMENTS - Places other than private homes in which food is held, processed, prepared and/or served.

For control of Resistant and Non-Resistant Cockroaches (Waterbug), Ants, Spiders, Scorpions, Silverfish, Pantry Pests-exposed stages (Sawtooth, Grain Beetle, Flower Beetle, Rice Weevil, Cigarette Beetle, Drugstore Beetle, Indian Meal Moth).

Food Areas - Includes receiving, serving, storage (dry, cold, frozen, raw), packaging (canning, bottling, wrapping, boxing), preparing (cleaning, slicing, cooking, grinding), edible waste storage, enclosed processing systems (mills, dairies, edible oils, syrups).

Apply Malathion dust in small amounts to crack and crevices where insects hide or through which they may enter the building. Includes expansion joints, spaces between equipment and floors, and openings leading to voids and hollow spaces in walls, equipment legs and conduits, motor housings, junction or switch boxes.

Non Food Areas - Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

Apply Malathion dust thoroughly to all areas where insects hide or through which they may enter the building, including around water pipes, wall voids, under and behind lockers, cabinets, electrical boxes, conduits, motor housings, junction or switch boxes.

Note: 5% Malathion PCO Dust is useful where sprays might be difficult to apply as in wall voids or hazardous as in switch boxes and electrical motors. Avoid the use of dust where there is heavy sweeping, traffic or other activity that would cause the dust to be transferred or become air-borne. Any dust left in the open after application, must be brushed into cracks or otherwise removed.

FOR THE CONTROL OF FLEAS AND BROWN DOG TICKS, thoroughly treat areas, cracks and crevices, sleeping quarters of animals, and areas frequented by these pests.

CAUTIONS

Avoid contact with skin. Wash thoroughly after handling. Keep out of reach of children. Avoid dust. Avoid contamination of food and foodstuffs.

Note to Physician: Malathion may cause cholinesterase inhibition. Atropine is antidote. Atropine also be used in conjunction with Atropine.

This product is toxic to fish. Keep out of lakes, streams or ponds. DO NOT contaminate cleaning of equipment, or disposal of wastes. Apply this product only as specified on the label.

DO NOT reuse container. Destroy when empty.

CAUTION: KEEP OUT OF REACH OF CHILDREN
