Reg. No. 6720-181 E.P.A. Est. 6720-FL-1

MANUFACTURED BY

Southern MILL CREEK PRODUCTS COMPANY, Inc.
TAMPA, FLORIDA

DANGER

SODIUM ARSENITE is a highly toxic substance which is absorbed through the skin, inhaled, or ingested. It is particularly dangerous if it comes in contact with the eyes. Do not get it on your face, hands, or clothing. Avoid breathing dust or fumes. Wash hands thoroughly with soap and water after handling the solution.

In case of contact with the solution, wash the affected area thoroughly with soap and water. If it gets on your face, wash your face and clothing with soap and water at once.

ANTIDOTE

Call a physician immediately for treatment in case of poisoning.

INTERNAL: If any of the solution is swallowed, give a tablespoonful salt in a quart of warm water and repeat until vomit has ceased. Then give 2 tablespoons of Epsom Salt or Milk of Magnesia in water and plenty of milk and water. Have victim lie down and keep quiet.

EXTERNAL: If the material is on the skin, wash the area immediately with plenty of water in the vicinity of the solution. If it is on clothing, wash the clothing and wash skin with soap and running water. If the material is on the face, wash the face with the running water for at least 10 minutes.

DANGER

Avoid breathing dust or fumes. Avoid contact with the skin. If contact occurs, wash thoroughly after use. Do not use arsenite on delicate or colored material. Wash apparatus and equipment with water before use. Dispose of Sodium Arsenite with care. Do not allow it to be used for any other purpose. Do not directly or indirectly come in contact with arsenite. Do not use it for any other purpose. Wash hands thoroughly and frequently. Never eat.
