FOR SPOTAPPHICATION DALLY

Use DURSBAN Household Insecticate as a spot treatment to control truckroaches, silverlish, spiders and other pests specified below. Apply at a coarse (large groplet) spray to localized areas where pests may occur. Spray surface; until wet. Retreat as peoplet.

COCKROACHES, ANTS & CRICKETS, SILVEBFISH, SPIDERS: Spray areas where there bests are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls: along baseboards and doors and tanks, behind and beneath sinks; sloves, refrigerators and cabinets and around carbage cans, plumbing and other until installations. Pests driven out of hiding places should be sprayed directly.

BHOWN DOG TICKS: To control these pests, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of nets should be removed and replaced with clean, fresh bedding after treatment. DO NOT SPRAY PETS WITH THIS PRODUCT.

FLIES AND MOSQUITOES: Use only out-of-doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these posts may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes

DO NOT USF EDIBLE PRODUCTS AREAS OF FOOD PROCESSING PLANTS RESTAURANTS OR OTHER SOOD IS COMMERCIALLY PREPARED OR PROCESSED. DO NOT USE IN SERVING AREAS AREAS WHE WHILE GOOD IS EXPOSED.
