 TAMPA, FLORIDA 33610

STATEMENT OF PRACTICAL TREATMENT

If swallowed — Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.
If inhaled — Remove victim to fresh air.
If on skin — Remove contaminated clothing and wash affected areas with soap and water.
If in eyes — Flush eyes with plenty of water. Call a physician immediately.
Note to Physician — Solvent presents aspiration hazard. Gastric Lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate is antidotal. 2-Pam is also antidotal and may be administered in conjunction with atropine.

PRECAUTIONARY STATEMENTS

**Hazards To Humans And Domestic Animals
 KEEP OUT OF REACH OF CHILDREN
 WARNING**

Keep out of reach of children. May be fatal if swallowed. May be absorbed through skin. May be injurious to eyes and skin. Do not get in eyes, on skin or on clothing. Do not wear contaminated clothing. Do not breathe vapor or spray mist. Wash thoroughly after handling and before eating or smoking. Avoid contamination of food and feed. Keep out of reach of domestic animals. Do not use on humans, household pets, or livestock. Do not permit children or pets to go into treated areas until spray has completely dried.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Birds and other wildlife feeding in treated areas may be killed. Do not apply directly to water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply when bees are actively visiting the crop, cover crop, or weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

PHYSICAL AND CHEMICAL HAZARDS

Do not use, pour, spill, or store near heat or open flame. The solvent used in this formulation is a petroleum distillate which may stain certain plastic, rubber and asphalt materials, such as tiles and floor coverings. Do not treat such materials. Care should also be taken to avoid spotting of wallpaper and fabrics. When used in the eilings, care should be taken to avoid deposits which could be frequently contacted by children. Do not allow children in treated areas until surfaces are dry.
 Do not use this product in conduits, motor housings, and electrical switch boxes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Combustible. Keep container closed. Do not store near heat or open flame.
PESTICIDE DISPOSAL: Pesticide, spray mixture or residue that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures under the Resource Conservation and Recovery Act.
CONTAINER DISPOSAL: Triple rinse or equivalent and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.
