

### HOW LAWN-GARD WORKS

**LAWN-GARD SPRAY** contains chlorpyrifos and dichlorvos (DDVP) insecticides and a wetting agent specially formulated for the control of Chinch Bugs, and Sod Webworms in deep thatch or dry conditions. This product combines the excellent kill qualities of chlorpyrifos with a wetting agent to insure deep penetration. The vapor action of DDVP acts as an irritant causing increased insect activity. **LAWN-GARD SPRAY** penetrates the thatch and drives the Chinch Bugs out.

### DIRECTIONS FOR USE

**Pests of Lawns and other Ornamental and Recreational Turf Grass Areas:** Use **LAWN-GARD SPRAY** insecticide to control ants, brown dog ticks, chinch bugs, crickets, cutworms, earwigs, grasshoppers and sod webworms (lawn moths). Mix **LAWN-GARD SPRAY** with water according to directions given in the following table and apply as a coarse, low pressure spray using suitable application equipment. For best results, the lawn should be moist at time of treatment, and care should be taken to obtain complete and uniform coverage of pest infested areas. Spray when pests first appear, retreat when needed.

### USE RATE AND DILUTION TABLE

Area to be treated	Amount of LAWN-GARD SPRAY required	Dilute with water to give
1000 sq. ft.	12 oz.	30 gallons
2500 sq. ft.	1 quart	75 gallons
5000 sq. ft.	1 1/2 gallon	150 gallons

## CAUTION

### KEEP CHILDREN AND PETS OFF TREATED AREAS UNTIL SPRAY HAS DRIED

May be harmful if swallowed. Do not get in eyes or on skin. Wash thoroughly after handling. Wash contaminated clothing before re-use. Flush contaminated eyes with plenty of water and get prompt medical attention. Avoid breathing vapors and spray mist. Avoid spraying food crops. Keep away from food, feedstuffs and water supplies. Keep container closed. Do not use, pour, spill or store near heat or open flame. Handle concentrate in a ventilated area.

**NOTE TO PHYSICIAN:** Chlorpyrifos and DDVP are cholinesterase inhibitors. Treat symptomatically. Atropine is an antidote.

### Fish and Wildlife Precautions:

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Promptly crush empty containers and bury them and wastes in locations away from domestic water supplies.

**NOTICE:** Seller's guaranty shall be limited to the terms of the label and subject thereto. The buyer assumes any risk to persons or property arising out of use or handling, and accepts the product on these conditions.
