phosphorothioate.....

0.50%

INERT INGREDIENTS:..... 99.50%

TOTAL..... 100.00%

**DIRECTIONS FOR USE**

**General Classification**

It is a violation of Federal law to use this product  
in a manner inconsistent with its labeling

For the control of American & German cockroaches inside buildings use approximately 2 ounces  
( $\frac{1}{2}$  cup measure) of BLATTA-BITS per 100 square feet of space. Place this bait in cracks and  
crevices or in suitable containers behind and underneath fixtures, in closets, and other  
areas where roaches may hide. Place only in or near infested areas. All bait placements  
should be inaccessible to children or pets. Replenish bait as necessary.

For the control of American & German cockroaches in Food Processing Plants use only when  
plant is not in operation and food is not exposed. Use only in suitable bait containers.  
Locate these bait containers on the floor near walls, in storage areas, under appliances,  
and other areas where roaches have been observed. Maintain strict account of location and  
number of bait containers. Remove all bait containers from edible products areas before  
resuming operations. Do not use in edible product areas of food processing plants,  
restaurants or other serving areas where food is commercially prepared or processed while  
plant is in operation. Do not use in serving areas while food is exposed.

BLATTA-BITS are best used as a supplemental residual treatment preceded by recommended  
roach sprays and good sanitation practices.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Open dumping is  
prohibited.  
Pesticide which cannot be used or chemically reprocessed should be disposed of in a  
landfill approved for pesticides or buried in a safe place away from water supplies.  
Dispose of container in an incinerator or landfill approved for pesticide containers  
or bury in a safe place.  
Consult Federal, state or local disposal authorities for approved alternative procedures  
such as limited open burning.

**CAUTION:** Keep out of reach of children. May be harmful if swallowed. Do not take  
internally. Avoid eye and skin contact. Flush contaminated eyes with plenty of water  
and get medical attention if irritation persists. Wash thoroughly after handling. Wash  
contaminated clothing before reuse. Keep away from food, feedstuffs, and domestic  
water supplies.

**NOTE TO PHYSICIAN:** Active ingredient is a cholinesterase inhibitor. Treat symptomatically.  
Atropine is an antidote.

**NOTICE:** Seller's guaranty shall be limited to the terms of the label and subject thereto.  
The buyer assumes any risk to persons or property arising out of use or handling and  
accepts the product on these conditions.
