Dear Mr. Ferrigno:

Subject: Revised Labels  
PCE Diazinon DDVP  
EPA Registration No. 6720-308  
Your Amended Application Dated July 13, 1985

The amendment referred to above, submitted in connection with registration under FIFRA, is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
  - a. The statement, "Do not apply directly to lakes, streams, etc. . . ." should be revised to read, "Do not apply directly to water."
  - b. Delete the statement "Keep out of reach of children" from the precautionary statement.

We apologize for not bringing the above comments to your attention in our last correspondence.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Storage-**Avoid storage at high temperatures. Protect from moisture. Avoid contamination with water, acids or alkalies. Do not store near heat or open flame. Keep container closed. Store in original containers only. Separate pesticides to avoid cross-contamination of other pesticides, fertilizer, food and feed. Keep container in locked storage areas.

If spilled, absorb with dry materials such as sand and sawdust and sweep up for disposal.

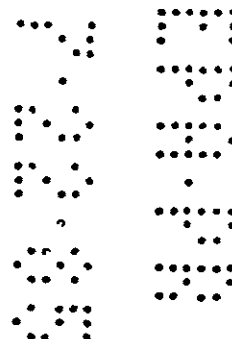

**Pesticide Disposal-** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal-** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, incinerate, or if allowed by State and local authorities, burn. If burned, stay out of smoke.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this label in a manner which is inconsistent with its labeling.

Use as a spot application only in non-food areas of food processing plants, warehouses, industrial locations such as garbage rooms, lavatories (to sewers) entries and vestibules, offices, lockers rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling). Do not use in the edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
