

# PUROGENE<sup>®</sup>

SANITIZER - DEODORIZER

**CONTAINS CLO-2-GENE\***  
A REVOLUTIONARY STABLE CHLORINE COMPOUND

Active Ingredients:	CHLORINE DIOXIDE (ClO <sub>2</sub> )	2%
Inert Ingredients:		98%
		100%

Manufactured By  
**CORO-BAG PRODUCTS, INC.**  
ESMOND, RHODE ISLAND

**STORE IN COOL, DARK PLACE**

Net Contents One U. S. Gallon

\* U. S. PATENT 2,701,781 - OTHER PATENTS PENDING

**ACCEPTED**

*Apr. 23, 1964*

INDEXED FOR THE  
PURPOSE AND  
FOR ECONOMIC  
ED UNDER NO. 6730-1

**PURUGENE**  
**Directions for Use**

**For General Use:**

- 1. In individual ice flaking and cubing machines to inhibit bacterial slime build-up . . . . . 20 ppm
- 2. In ice, as a sanitizer, made from potable water for use in drinking glasses and cups . . . . . 20 ppm
- 3. In water, for the improvement of taste and odor . . . . . 10 ppm

**For Commercial Use:**

- 1. In ice plants to inhibit bacterial slime build-up on ice making equipment . . . . . 40 ppm
- 2. As a bacteriostat in ice . . . . . 40 ppm

**For Hospital and Institutional Use:**

- 1. As a sanitizer in ice made from potable water while in ice storage equipment . . . . . 20 ppm

**For measuring the above dilutions see chart below:**

- 10 ppm—2/3 oz (1.66 oz)—4 teaspoons per 10 gal water
- 20 ppm—1 1/3 oz (3.33 oz)—8 teaspoons per 10 gal water
- 40 ppm—2 2/3 oz (6.66 oz)—16 teaspoons per 10 gal water
