NAME OF PESTICIDE PRODUCT Freshen Up		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Stern Chemtech Corporation  
 2725 Westland  
 Memphis, TN 381203

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with EPA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under EPA section 3(c)(5) when the Agency requires and registrants of similar products to submit such data.

2. Make the labeling changes that are required by the Agency for the product as follows:

- a. Add the phrase "EPA Registration No. 6762-69."
- b. Revise the statement:  
 DIRECTIONS  
 To read:  
 DIRECTIONS FOR USE.
- c. The statement Active Ingredient shall be singular.

to read:

Statement of Practical Treatment.

- f. Revise the statement:

Herpes Simplex II

to read:

Herpes Simplex Type 2.

- g. Delete the statement:

**\*NOTE:** This product may be used on food contact surfaces but surfaces must be thoroughly rinsed with potable water before they are permitted to recontact food.

Potable water rinses are no longer permitted on food contact surfaces. Since your product is not cleared for use on food contact surfaces under the Federal Food, Drug and Cosmetic Act, your product cannot be used on food contact surfaces.

- h. Refer to PR Notice 83-3 for acceptable Storage and Disposal statements for the larger size containers you propose to market (5-gallon and 55-gallon containers).

3. For your records, the confirmatory data submitted are acceptable and are assigned Accession Number 261293.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

5. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
